BLAMES MULES FOR HIGH COAL

Reading Official Says They Helped Force Increase.

LABOR COST MORE, TOO

W. J. Richards, Testifying In Government Suit, Gives the Reasons For Higher Cost of Mining In the Anthracite Fields.

Philadelphia, May 19.—Reasons why the cost of producing and the selling price of coal have risen were given by W. J. Richards, vice president and general manager of the Reading Coal and Iron company, at the hearing before the referee in the government's suit against the coal roads.

In the course of his testimony Mr. Richards declared that even the patient mules which plod in and out of the collieries had aided and abetted the rise in the cost of the anthracite fuel. He asserted that the hybrids cost more now—and that the feed, hay, oats and so forth which they consume also eats more into the receipts of the operators than it did once upon a time.

The chief reasons given by Mr. Richards for the higher cost of mining were as follows:

The great depth at which coal now is mined, especially in the Schuylkill district. There the Reading Coal and Iron company, he said, is now mining coal at a depth of 1800 feet, and comparatively little coal is now left for the opening of new operations anywhere in the field that will be secured at a less depth than 1000 feet.

The increased cost of labor following the strike awards of the national commission appointed by President Theodore Roosevelt.

How Labor Cost Has Risen.

Taking the 1900-1902 strike periods, and from November, 1902, to March, 1903, and from 1903 to 1909, when the strike wage awards were felt by the company, Mr. Richards said the average labor cost had jumped from $1.35 to $1.57. He declared labor's cost had jumped about 16 per cent, following the strike award of 10 per cent increase for contract men.

"The price of coal is increasing," said he. "Before the 1900 strike the men had a sliding scale and were entitled to a 6 per cent increase. The strike award made it 16 per cent in the Schuylkill field, and the 'company men' were to have a day of nine hours instead of one of ten. The general result was that 43 cents a ton represented the total of increases since the 1900 strike."

Taking the decade from 1898 to 1908, Richards made the surprising statement that on account of the increased wages and increased output the total wages of the company's men had jumped from $8,164,836 in 1898 to $15,785,527 in 1908, an increase of 61 cents a ton. The difference in the cost of mining coal had jumped from $1.827 in 1898 to $2.14 in 1908, an advance of 32 cents.

The cost of labor, supplies, royalties, improvements and general expenses was included. On a ten-hour basis the average for "day men" in 1898 was $1.67, in 1908 $2.28.

Besides, said Mr. Richards, the strike had caused a falling off in tonnage, and the company suffered loss from fire, flood and paucity of water.

GOV. HUGHES' SON ILL

Suffered Severe Attack of Cerebro Spinal Meningitis.

Providence, R. I., May 19.—Charles E. Hughes, Jr., the son of Governor Hughes, of New York, and a senior at Brown university, was taken to the Rhode Island hospital suffering from a severe attack of cerebro spinal meningitis. Governor Hughes was immediately notified of the condition of his son. Overstudy is supposed to have brought on the trouble.

Robbers Ransack Express Car.

Augusta, Ga., May 19.—Two robbers boarded the Southern railway passenger train No. 17 at Warrenville, S. C., got the drop on Express Messenger Thomas L. Hutton, knocked him senseless with a piece of rubber hose and ransacked the car after throwing the express messenger into an empty express chest. They secured $200 and escaped.

Crank at White House.

Washington, May 19. — Sherlock Wilford, forty-seven years old, of Port Henry, N. Y., was committed to the government hospital for the insane as a result of his queer actions near the White House.

IN THE TEMPLE OF JUSTICE.

Business Transacted Before the May Term of Court.

The May term of court opened Monday morning with Judge Ellis L. Orvis presiding. Gilbert S. Barrows is the Court reporter. John Noll succeeds the late Chas. Smith as Court Crier. The following cases have been disposed of this week.

Gamble, Gheen & Co., vs Henry Rothrock. Verdict for plaintiff in the sum of $32.94. This was a dispute over the number of bushels of wheat delivered to the mill by Rothrock. The mill claimed to have overpaid him.

Commonwealth vs H. F. Kessinger. Charge assault and threats. Prosecutrix, Martha Kessinger. Parties reside at Eagleville and live in adjoining properties. Seems to be a very petty case. Verdict, defendent "not guilty" and costs divided between Prosecutrix and defendant.

Commonwealth vs William Zimmerman. Assault and battery. Grand jury ignored bill and placed costs on prosecutor Frank Thomas.

Commonwealth vs Levi Segner. Assault and battery. Prosecutrix Harry Eack. Parties reside at State College. Bill ignored by grand jury and costs placed on prosecutor.

Commonwealth vs Garfield Boolich. Charge the larceny of a bottle of brandy and a bottle of tomato pulp valued at $2.25 from the Ramsdale House at Philipsburg. Prosecutor Landlord Frank McClure. Verdict not guilty and costs placed on the prosecutor.

Com. vs Chas. H. Weir, larceny stealing horse, buggy, harness and lap robe. Prosecutor W. B. Condo. Defendant plead guilty.

Commonwealth vs A. B. Antes. Charge Statutory rape upon Phoebe Ginnick the 14 year old daughter of Mrs. Harreit Ginnick. Parties reside in Philipsburg. Defendant is 67 years old and keeps a shoemaker shop near the Farmers hotel. It is alleged he enticed the little girl into his shop at the noon hour on various occasions and gave her small amount of money and took liberties with her. The jury returned a verdict Wednesday morning finding Antes guilty of statutory rape.

John Frederick Heckman.

John Frederick Heckman, an old and respected citizen of Gregg township, died a the old homestead one mile east of Penn Hall Tuesday morning at ten o'clock. His death was due to a stroke of paralysis and his illness lasted about one year.

The deceased would have been 77 years old on the 4th. of next June and was born in the house in which he died, the home of his daughter. He was a retired farmer, a member of the Lutheran church and an exemplary citizen in every respect.

He was married to Miss Rebecca Smith who preceeded him to the grave about one year ago. He is survived by the following children: Adam F., of Spring Bank; Mrs Robert Metz and Mrs Miller, of Lena, Ill: Mrs. Samuel Niece and Mrs. William Niece of Penn Hall; and Oscar, of near Millheim.

He also leaves two brothers and a sister namely, Daniel of Bellefonte; Eli, of Orangeville, Ill; and Mrs. Henry Mark, of Penn Hall. The funeral will take place Saturday at 9:30 a. m. from the home of his daughter, Mrs. William Niece. Interment in the Heckman cemetery.

Garbrick—McMahon.

A quiet but pretty wedding was celebrated Saturday evening at 8 o'clock at the home of Mr. and Mrs. John Houser at State College. The contracting parties were our genial friend R. Bruce Garbrick and Miss Katherine McMahon. The ceremony was performed by Rev. O'Hanlon, who is pastor of the Catholic chapel at State College. The groom is too well known in Bellefonte to need any praise from us, he is a fine young man and will make a good husband. The bride is a daughter of the late Peter McMahon and an excellent housekeeper who will make a fitting helpmate through life. They will reside at State College and their many friends in Bellefonte will wish for them a happy and prosperous married.

Married.

Joseph Sayers and Miss Louise Rutherburg, both residents of Snow Shoe, were united in marriage May 12 at 7:30 P. M. at the home of the bride's mother, Mrs. Caroline Rutherburg. The ceremony was performed by Rev. R. F. Ruch.

SEVEN POISONED BY BURDOCK

Family Eats It in Mistake For Horseradish.

TWO ARE LIKELY TO DIE

Boy of Four Discovers Weed In Lot Near His Home, and His Mother, Thinking It Was Horseradish, Served to Family, and All are Taken Ill.

Philadelphia, May 19. — Because neither four-year-old Adam Wood nor his mother, Mrs. Thomas Wood, knew the difference between burdock and horseradish, the entire family of seven was poisoned and two may die.

Frederick, eigheen years old, the oldest son, and his father are in the most serious danger. It is considered an even question at the West Philadelphia Homeopathic hospital whether they would live.

John, sixteen years old, and little Adam himself and Mrs. Wood are all in a serious condition. Lucy, fourteen years old, and Eva, ten years old, ate of the supposed horseradish, but neither was sick enough to be taken to the hospital.

Adam was the cause of it all. The family lives at 5818 Pearl street, and while the other children were away at school the boy was permitted to take care of himself.

In a neighboring lot he found a peculiar plant. When he pulled it up the roots looked to him just like those from which his mother made horseradish. There were other plants nearby, and, convinced that he had discovered a treasure, he pulled up several and proudly carried them home.

Mrs. Wood was also deceived, and immediately began to prepare the "horseradish" for the evening meal. She cleaned the roots and grated them into fine bits and added vinegar to give them the proper flavor. At the table she told the family of the industry of Adam, and the little fellow was commended for his "find."

Every one ate heartily, and each used the supposed condiment on his meat. Presently Frederick complained of a pain. He became sick and had to leave the table. Then the others began to have queer pains.

STOESSEL FREED BY CZAR

Commander of Port Arthur and Admiral Nebogatoff Leave Fortress Prison.

St. Petersburg, May 19.—Lieutenant General Anatole M. Stoessel and Rear Admiral Nebogatoff have been released from confinement in the fortress of St. Peter and St. Paul by order of Emperor Nicholas.

The health of both men has been gravely affected by their confinement.

General Stoessel was found guilty by court martial of surrendering the fortress of Port Arthur to the Japanese and was serving a sentence of ten years' imprisonment. Nebogatoff was sentenced for the same length of time for surrendering to the enemy at the battle of the Sea of Japan. Stoessel began his sentence March 20, 1908, and Nebogatoff April 15, 1907.

$150,000 FIRE IN NORFOLK

Piano Factory, Two Stables and 5000 Bags of Peanuts Burned.

Norfolk, Va., May 19.—Fire which took three hours to get under control destroyed Marks' piano factory, 5000 bags of peanuts, Pritchett's stables and O. L. Williams' stables. Ninety horses were rescued. The probable loss is $150,000, partly insured.

Geraldine Farrar Denies Engagement.

Paris, May 19.—Miss Geraldine Farrar arrived in Paris from New York. She was apparently greatly annoyed by reports of her engagement to Antonio Scotti, and denied that she intended to marry him or anybody else.

Stuart Signed 662, Vetoed 117 Bills.

Harrisburg, Pa., May 19.—Governor Edwin S. Stuart approved 662 of the bills sent to him by the last legislature and vetoed 117, these figures including his action upon legislation of all classes.

Big Fire In Mining Village.

Johnstown, Pa., May 19. — Nearly one-half of the village of Gilestown, a mining settlement fourteen miles from here, has been consumed by fire. The loss is estimated at over $80,000.

William Williams Succeeds Watchorn.

Washington, May 19.—William Williams, of New York, was selected to succeed Robert Watchorn as commissioner of immigration at New York.

A RARE MUSICAL TREAT.

The Penn State Orchestra Add Another Wreath to the Laurels of the College.

The Pennsylvania State College Orchestra of 33 pieces gave the few Bellefonters who had the pleasure to hear them the great treat of their lives Thursday evening in the Court house and it certainly was a sheme that they were not better patronized by our music loving public, having only a small house, but which seemed, in the amount of enthusiasm engendered by the superb rendering of the fine program which appears below, to have been jammed to the doors as the applause was thunderous at times.

The selection of the numbers which so suited the general music loving public and the blending of the instruments in the harmonizing of the notes of the music made it all one delightful sensation to the ear and with the closing of the eyes and the drifting away of the thoughts from the locality it was easy to imagine yourself listening to one of the finest orchestras in the land. The leader of the orchestra was Mr. Robson Allport, of Philipsburg, and he deserves credit for the great ability shown in organizing and bringing to perfection the fine body that he has the charge of. It is the boys themselves who are partly to blame for the small audience as things to go in Bellefonte must be well advertised which this was not and more esyecially where there were so many other entertainments all coming so close together that the concert lost its identity. Small card advertising goes all right at a College but it takes more than that to attract the eye and hold the memory in a bustling town.

We trust the boys will come again but the next time make it a benefit and have it properly boomed and then get an audience worthy of their fine work. The singing of Mr. Armstrong in the solo part was very good but so much is known of his fine voice by Bellefonters that little needs to be said to add to the laurels he already has.

If the audience assembled on the outside and on the porches in the vicinity had paid their money as they should of, it would have been better, but the night being rather warm the windows were open and the fine music was enjoyed by many more without paying than those who did. The officers of the organization are Director R. H. Allport, Concert master and Violin soloist L. F. Meissner, Manager H. S. Price.

PROGRAM.

PART ONE.

I. Overture, "Raymond".....Thomas
II. "Impromptu" for Mandolin .....Abt
Mr. Meyer
III. Nocturne, "Midsummer Night's Dream".....Mendelssohn
IV. Baritone Solo.....Selected
Mr. Armstrong
V. Canzone Amorora.....Nevin
Gondoliera..... "

PART TWO

VI. Overture, "Hungarian Lustspiel".....Keler Bela
VII. Seventh Concerto for Violin.....DeBeriot
Mr. Meissner
VIII. "Polish Dance".....Scharwenka
IX. "Dream City of the Magic Knight"..Herbert
X. "Buona Notte" (Good Night).....Nevin
Star Spangled Banner.

Prof. W. F. Dunning's Death

Prof. William F. Dunning, a former organist at the M. E. church, this place, died Friday afternoon at the home of his father, Rev. Charles T. Dunning, D. D., pastor of the Methodist Episcopal church, Juniata, Pa., late of Osceola. His death was the result of pulmonary tuberculosis. He has been in poor health for three or four years, but in the last six weeks his decline was very rapid.

The deceased was born at Petersburg, Huntingdon county, August 11, 1888, being aged 20 years, 9 months and 1 day. He had early predilections for music and through this talent was well known in musical circles of Central Pennsylvania. During the past year and a half he was organist and choir master of St. Stephen's Protestant Episcopal church, of Harrisburg, and through his own ability and personal effort made the choir the finest in the city.

While organist in the Bellefonte M. E. church he made many friends, who greatly appreciated his skillful manipulation of the pipe organ.

He is survived by his parents and two elder brothers, Prof. Charles E. Dunning, of Harrisburg, and Rev. James E Dunning, pastor of the M. E. church, Lumber City.

The funeral took place on Monday, with interment at Harrisburg.

Married.

At the Methodist parsonage on Saturday May. 15, 1909, by the Rev. Thomas S. Welcox, D. D., Frank W. Ingram and Miss Grace A. Runkle, both of Williamsport, Pa.

MRS. TAFT HAS NERVOUS ATTACK

Taken Ill While on Her Way to Mount Vernon.

SHE NEEDS COMPLETE REST

Excitement, Heat and Exertion Proved Too Much For President's Wife. Doctor Says She Will Be All Right Again In a Few Days—Taft Issues Statement.

Washington, May 18. — Mrs. Taft, suffering from a slight nervous breakdown, was taken ill while on her way from this city to Mount Vernon on the yacht Sylph with a party of friends and was hurried back to the White House. It was said at the White House that there is no cause for alarm and that Mrs. Taft probably will be all right again in a few days. She was unable to be present last night at an official dinner at the White House.

President Taft himself prepared the following statement in regard to Mrs. Taft's condition:

"Mrs. Taft is suffering from a slight nervous attack. She attended the eye, ear and throat hospital, where Charlie Taft underwent a slight operation on his throat. She was with him for several hours. She then started with the president and a small party of friends on the Sylph for Mount Vernon. The excitement, heat and exertion were too much for Mrs. Taft's nerves, and the party was obliged to turn back before reaching Alexandria. Mrs. Taft was quickly carried to the White House. The doctor says that after a few days of complete rest Mrs. Taft may be able to resume her social duties. Dr. Delaney is in atendance. Mrs. More, Mrs. Taft's sister, acted as hostess at the official dinner at the White House."

Mrs. Taft's illness probably will not interfere with the president's trip to Petersburg, Va., and Charlotte, N. C., tomorrow and Thursday, but Mrs. Taft will not be able to accompany him. She had already decided, after visiting the hospital, to abandon the trip, as she felt that she should remain here with her son.

The operation performed on Charlie was not of a serious nature, and today he was taken to the White House.

B. & O. STRIKE

Machinists In Two Yards Go Out and Others May Follow.

Baltimore, May 18.—The strike of the machinists in the Baltimore & Ohio local yards was marked by drastic developments when all of the men in the Locust Point and Curtis Bay yards laid down their tools and quit work. There are now several hundred men out of work, and there is talk of taking the entire machinist force over the Baltimore & Ohio system east of Chicago out on sympathy. The Baltimore & Ohio officers refuse to deal with the men from a union standpoint and insist on the piece work regulations being carried out.

NEW NAVAL Y. M. C. A. BUILDING

Mrs. Russell Sage's Gift Dedicated at Brooklyn Navy Yard.

New York, May 18.—The new $350,000 Naval Y. M. C. A. building, the gift of Mrs. Russell Sage, was dedicated at the Brooklyn navy yard this afternoon. Addresses were delivered by Rear Admirals Cowles and Schroeder and Captain J. B. Murdock, the new commandant at the yard.

The new building is an amplification of the $500,000 structure erected by Miss Helen Gould. The buildings stand side by side and are near the navy yard.

STEALS $2000 FROM HOTEL

Employe of Reading Hostelry Loots Cash Drawer and Flees.

Reading, Pa., May 18.—A stranger, employed to do odd jobs around the General Taylor house, a leading hotel, grabbed $2000 in cash from the money drawer and disappeared. There is no clue to his whereabouts.

Council President Guilty of Graft.

Boston, May 18. — Leo F. McCullough, former president of common council, and his attorney, James T. Cassidy, were convicted of conspiracy and larceny. Sentence was deferred, pending an appeal, and bail was furnished. The common council appropriated $2000 for the purchase of law books for the president's office, and it is charged that McCullough, with the aid of Cassidy, took the money for his own use and prepared papers setting forth a purchase of books that were not purchased.

ATHLETIC FIELD DEDICATED.

Academy Wins Great Victory From Strong Indiana Normal.

Saturday proved a very interesting and successful day for the Academy students and friends. While it looked in the morning as though rain might mar the exercises planned for the afternoon, the sun shone brightly when the hour of 2 o'clock arrived and a large crowd had gathered to listen to the speeches dedicating the new athletic field and to witness the Indiana Normal—Academy ball game.

Col. Hugh S. Taylor in one of his characteristic speeches full of force and right to the point, emphasized the successful record of the Academy in scholarship and athletics and the need of proper development of the boys in every phase of their physical nature; referred to the successful life work of Rev. J. P. Hughes and pointed him out as an example of what regular participation in athletic exercises will do for one and declared that it was a most fitting honor to name the new field the "Hughes Field" after the "noblest Roman of them all," whose name was the synonym for courage, energy, victory and morality.

William D. Crooks of Williamsport, President of the collegiate class, presented the field to the athletic association with a very short but appropriate speech. Gilbert Meyers, President of the association, received it with a speech emphasizing the gratitude that the Academy felt toward all who had made such a beautiful field possible. Mr. Meyers is the son of Hon. A. J. Barchfield of Pittsburg who will prove in the coming years one of the best friends the Academy ever had.

Mr. Hughes acknowledge in a very graceful speech the honor which had so unexpectedly been conferred upon him and then threw out the first ball to start the ball game which proved one of the best contests ever witness in Bellefonte.

Sleppy, the Academy pitcher, had the Indians boys at his mercy, while the locals batted Baird for ten hits. Sterling gave Sleppy fine support. The general play of the Academy boys was excellent and their victory over such opponents as Indiana Normal which defeated Westminister College 2-0 is a most creditable one.

The score—

Indiana Normal	R	H	O	A	E	Academy	R	H	O	A	E
Martin 3b	0	0	2	2	0	Wag'r 2b	1	1	2	3	0
Wilters ss	0	0	0	1	1	Craig ss	0	0	1	2	1
Baird p	0	2	1	1	0	Smith 1b	1	2	11	1	1
Mc'Cul'h rf	2	1	1	0	0	Rollins rf	1	2	1	0	0
Veil c	0	1	12	1	2	Condo lf	1	0	1	2	0
Pierce lf	0	0	1	0	0	Dillon cf	2	2	1	0	0
Felgar 1b	1	0	5	0	0	Jam'n 3b	1	2	2	0	2
Flem'g 2b	0	1	2	2	2	Sleppy p	0	1	0	5	0
Shearer cf	0	0	0	1	0	Steri'g c	1	0	8	1	0
						Wilson rf	0	0	0	0	0
Totals	3	5	24	8	5	Totals.	8	10	27	14	4

Indiana	0	0	0	1	1	0	0	1	0—3
Bellefonte Acad	3	0	0	1	2	2	0	0	x—8

Dr Platts umpired very satisfactorily. A neat souvenir program was handed to every one who passed through the gate.

Corman—Kaup.

Wednesday morning, May 12th at 11 o'clock at the home of Mr. and Mrs. Reuben M. Kaup, in Bush Addition, their daughter Anna M. Kaup was married to Mr. Charles F. Corman, of Cresson, Pa., by the Rev. Ambrose M. Schmidt, D. D.

The ceremony was performed in the presence of the parents and a few relatives and friends of both of the contracting parties. The bridal couple stood in a doorway decorated with apple blossoms, from the centre of which was suspended a wedding bell. They were attended by Mr. Herman of Pleasant Gap and the groom's sister, Miss Corman of Cresson.

The newly wedded couple will make their home at Cresson, Pa. where Mr. Corman is in the employ of the Penna. R. R. Co.

Iron Bridge Span Damaged.

The 80-foot span of iron bridge across March creek at the farm of the S. H. Kunes estate, about four miles above Blanchard, lies with one end in the creek and badly twisted because the abutment on the south end of the bridge was undermined and collapsed during the flood a week ago. It was one of the finest bridges in Liberty township and many citizens are criticising the township officials because a cribbing had not been built to protect the abutment, as it has been plainly evident for some years past that the creek was washing against the bank above in such a way as to cause serious results. It will take much time and money to replace the abutment and get the bridge back in place. Some persons who have seen it venture the opinion that the bridge is hopelessly damaged.

STUART VETOES SCHOOL CODE

Says Its Approval Would Not Benefit Education.

HAD BEEN TAMPERED WITH

The Word "City" In Bill Was Stricken Out and the Word "District" Written Above It—Did Not Pass Legislature In That Form — Also Disapproves State Road and Capitol Park Extension Bills.

Harrisburg, Pa., May 15—The school code, the Philadelphia to Pittsburg highway and the capitol park extension bills were vetoed by Governor Stuart. The big road was his own project, but he disapproved it rather than to cut $3,000,000 from the state appropriations to charities.

In vetoing the school code the governor said:

"The bill drafted by the Pennsylvania state educational commission and submitted to the legislature was so changed by amendments during its passage through the legislature, many of the best features of the original draft being eliminated and numerous amendments made which destroyed the harmony of the bill by introducing many contradictory provisions, that it is more than doubtful whether an approval of the bill would be of any benefit to the cause of education in the state.

"Irrespective of this, however, the bill, as certified to me, under the provisions of the constitution, shows that, in connection with the proviso to section 203, the printed word 'city' on line 26 was stricken out with the pen and the word 'district' in red ink written above it. Shortly after the receipt of the certified bill I was informed by certain members of the Pennsylvania educational commission that the bill, as it finally passed the senate, contained the printed word 'city' and did not contain the word 'district,' and that it finally passed the legislature in this form.

"In view of this information, I examined into the matter and satisfied myself that the bill as finally passed did not contain the word 'district,' but did contain the word 'city' in the sentence under consideration. To approve this bill, therefore, would be to approve a bill that did not pass the legislature in the form in which it was presented to me for executive action. For those reasons the bill is not approved."

No Funds For Road Bill.

The governor explains his disapproval of the state road bill in the following language:

"This bill authorizes the construction of a state highway from Philadelphia to Pittsburg and makes an appropriation of $5,000,000 or so much thereof as may be necessary for the purpose of carrying into effect its provisions. The bill was passed by the legislature upon my recommendation, supporting as I believed a constructive policy and for the interests of the people of the commonwealth.

"As I have been compelled to make large reductions in the appropriations made by the legislature for the reason that they are in excess of the revenues of the state, I have concluded, after serious consideration, that in order not to interfere with the appropriations for the maintenance of the public schools, the indigent insane, the charities of the commonwealth and the consumptive poor, and as it has been necessary for me to withhold my approval from other meritorious appropriation bills, this bill is not approved."

Of the capitol park extension bill the governor says:

"The object of this bill is a proper one, but it is a question which will have to be considered very much from the point of view of the resources of the state."

Coney's Policemen Must Be Married.

New York, May 15.—Hereafter the policeman who swings his club along the walks and byways of gay Coney Island must be married and therefore supposedly proof positive against the wiles such as have proved ensnaring to the ambitious young officer of other days. Seventy policemen, all of whom have been married at least ten years, were told to report for duty.

Fall Down Cellar Fatal.

Norristown, Pa., May 15.—Falling down a flight of steps at his residence on Stanbridge street, Abel J. Lewis, twenty-seven years of age, a son of ex-Councilman Lewis, was instantly killed.

Trenton Banker Dead.

Trenton, N. J., May 15.—Hugh H. Hamill, president of the Trenton Trust and Safe Deposit company, and one of the best known men in Trenton, died after an illness of several weeks. He was about fifty-five years of age.

Lead Pencil Explodes.

Berwick, Pa., May 15.—While Florence Averill, a school pupil, was sharpening a lead pencil, it exploded with a loud report, the entire pencil breaking into small pieces, a number of which entered her right eye.

WILL LISTEN TO YANKEE

American Scientist to Tell the British Ironmakers of His Researches.

London, May 14—The Iron and Steel Institute of Great Britain, the membership of which comprises the leading metal experts of this country, with affiliations in other countries in which iron and steel manufacturing is carried on, met here today for its annual meeting.

One of the principal addresses to be delivered before the meeting is that of Dr. Allerton S. Cushman, of Washington, who is assistant director of roads of the United States department of agriculture. Dr. Cushman has come here at the invitation of the members of the institute to tell them the results of his researches into the causes and nature of rust, a subject of immense importance to makers of iron and steel.

He has made important discoveries through the study of electrolysis and its deleterious effects upon iron and has also experimented with various paints, some of which have shown amazing rust resisting power.

WOULD HANG WRECKERS

Congressman Moore Wants Federal Law Against Such Criminals.

Washington, May 14.—Representative J. Hampton Moore, of Philadelphia, introduced a bill to make train wrecking a capital offense against the laws of the United States where death results.

Mr. Moore has given some study to the constitutionality of such a measure and believes that it will stand the tests of the court. He will ask that it be considered by the interstate commerce commission.

HANGS FLAG UPSIDE DOWN; IS ARRESTED

Hoboken Man Displays Stars and Stripes With Union Jack.

New York, May 14—"You mind your own business! Those flags are mine and I have a right to place them any way I want to," Joseph Kerr, a clerk at 117 Hudson street, Hoboken, told Grover Cleveland Ahrens, when the latter expostulated with him because he had exposed the United States flag in his window with the Union Jack, both upside down.

Ahrens immediately rushed to the recorder's court and obtained a warrant for the arrest of the clerk. In a short while Kerr was arrested and taken to headquarters.

For a time before the police arrested the clerk it looked as though serious consequences might follow the refusal of Kerr to remove the flags from his window, as there was a large and excitable crowd in and about the store.

$5000 WIRELESS JOB

A Chance In Navy For Jack Binns or Any Other Expert.

Washington, May 14.—The navy department offers a fine piece for Jack Binns or any other expert wireless telegraph operator who can pass a competitive examination for a $5000 job on June 3.

For the first time the civil service commission announces an examination for a wireless expert to accept a position in the bureau of equipment of the navy. The examination is open to all. Candidates will be examined with special reference to wireless telegraphy and telephony. The duties of the position will include care of the laboratory which tests instruments pertaining to wireless telegraphy and develops special methols of wireless signalling.

GROUND TO DEATH BY COGS

Engineer on Dredge Fell Between Big Wheels While Oiling Machinery.

Philadelphia, May 14.—While oiling machinery, Daniel Short, 342 Wolf street, an engineer on a dredge operating at the Greenwich Point coal piers, fell between two giant cog wheels and was crushed to death before the eyes of his fellow workmen. The engines were stopped at once and Short's mangled body taken out, but life was extinct.

Head of College Outruns Students.

Minneapolis, Minn., May 14.—President Cyrus Northrop, sixty-eight years old, of the University of Minnesota, was the winner in a foot race on the college campus. Smoking on the campus is prohibited, and when he spied two undergraduates, with long black stogies between their teeth he started after them. When the two students saw President Northrop they made their best pace, but when the campus fence was reached prexey was so close that they gave up and accompanied him to the office.

Managers Testify for "Rube" Waddell.

St. Louis, May 14.—That George E. Waddell received $1200 for pitching for the Philadelphia American league base ball team in 1906 was stated by Cornelius McGillicuddy (Connie Mack), manager of that team, in a deposition taken here in connection with Waddell's suit for divorce. McGillicuddy said that the noted pitcher was even tempered and easy to manage. R. L. Hedges, president of the St. Louis American league team, said he was paying Waddell $1200 the present season.

KERMIT WAS LOST IN AFRICA

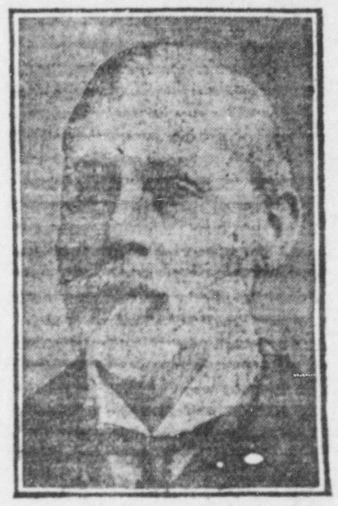
President's Son Spends Night on Horseback Seeking Camp.

FIRST ELEPHANT FOR TEDDY

Hunters, Led by F. C. Selous, Had a Narrow Escape From Elephant, Which Was Shot From Ambush. Baby Elephant Captured Will Be Sent to New York Zoo.

Nairobi, British East Africa, May 15.—It was learned that Kermit Roosevelt lost his way from his father's camp near Machakos and spent an entire night alone on horseback, riding through a region unknown to him. In the morning he turned up at Kiu, a station on the railway, inquiring there the way to camp and was given the desired directions.

Theodore Roosevelt has killed his first elephant. It was a big "tusker," and the former president picked it out of a herd of about a dozen. A baby elephant about two months old was



FREDERICK C. SELOUS.

roped and taken alive, and it will go as a gift from Colonel Roosevelt to the New York Zoological Gardens. The little captive is being brought here by a band of natives. It will be shipped down to Mombasa by rail.

Colonel Roosevelt, his son Kermit and F. C. Selous had a narrow escape from the elephant which fell a prize. The men were out for lions near Machakos, and there had been no report of elephants in the district. They wounded a lion returning to its lair, and the animal led them on a chase of several miles.

Selous advised against following the lion into a thicket, but Roosevelt went in, taking the lead, and at times moving on his hands and knees, with his rifle stuck out in front of him. Selous insisted on following close behind Colonel Roosevelt, Kermit bringing up the rear.

Colonel Roosevelt reached a fringe of grass at an open spot and instantly brought his rifle to his shoulder. Selous rose until he was almost standing upright, and saw that the former president was aiming at the leader in the herd of elephants.

His whispered command came just in time to keep Colonel Roosevelt from firing at a range of about 200 feet. Selous insisted upon a retreat, and warned Colonel Roosevelt that to fire on the herd would be to invite death in a charge.

Shot From Ambush.

Roosevelt reluctantly moved back along the trail, and followed Selous in a wide detour. The Englishman had marked down the herd. He kept safely to leeward, and finally directed Mr. Roosevelt and Kermit to climb a tree. All three men went into the branches, and were able to make out the backs of the elephants through the towering reeds. Roosevelt's elephant gun, firing explosive shells, was in the camp. Selous advised him in aiming, and he sent half a dozen bullets into the big "tusker."

The elephant charged the fire, and went down on its knees close to the tree. Then at a distance of about forty feet Roosevelt fired and the animal fell over dead. The rest of the herd tore wildly through the thicket in retreat, Kermit trying several shots, but without effect. The baby elephant was captured an hour afterward by the natives in Roosevelt's caravan.

American Cruiser at Mersina.

Mersina, Asiatic Turkey, May 15.—The American cruiser North Carolina arrived here from Guantanamo bay, Cuba, by way of Gibraltar. She comes for the protection of American interests. The cruiser Montana, which came across the Atlantic with the North Carolina, is headed for Alexandretta, where she is expected to arrive tomorrow.

Wilkie Inspects Taft's Summer Home.

Beverly, Mass., May 15—The "summer headquarters" of President Taft at Beverly Cove were inspected by Chief Wilkie, of the secret service. Chief Wilkie also had a long conference with Mayor Ferguson and Chief Trowt, of the local police force.

Tornado Wrecks Town; Three Dead.

Concordia, Kan., May 15. — Three persons were killed and ten were injured by a tornado which wrecked Hollis, Kan. Every building in the town was wrecked or damaged.

NEW LIFE INSTILLED.

Into the Bellefonte Y. M. C. A.—Dr Weston a Hustler.

The Y. M. C. A. has taken a new lease on life the coming of the new Secretary has brought about the change. Mr. Weston is a man of large experience in Y. M. C. A. work and knows just what young men need. And he is anxious to meet all the young men of the city and get their co-operation and bring back the association to normal conditions again.

The first thing that is being done is cleaning the building from the basement to the attic Mr. Weston is a camera fiend has taken a great many photos for publication and will have the club room fixed so that members can use it next week, and strangers in the city, or any one having films to develop can have them done or will be shown how to do the work. The floor below will be used for a business mens club room where men can come in and rest and find interesting reading matter and talk it over. On the first floor the main entrance the game room will be fixed up. More games added and the reading room will be kept airy and the best periodicals will be kept on file all the time. The gymnasium will be thoroughly renovated and, all the apparatus will be put in place so that it can be used daily. A class will be organized for business men every Monday, Wednesday and Friday at 5 15 to 7.

Mr. Weston is an expert with handling men in physical culture, he has given lessons to the wealthiest men in the country; business men need the gymnasium more than any other class. Volley ball and hand ball will be especially interesting to them, he will also give private lessons in boxing, wrestling and fencing. The bowling alley which was so popular a few years ago will again jump into prominence and it will be open to the general public which will certainly meet with the approval of the general public. The men began working on it this morning and by the beginning of the week it will be ready for use.

One morning will be given to the ladies who want to make use of it; as bowling has become very popular with the better class of people in the last few years. A reception will be tendered Mr. Weston the last of the month and the general public will be invited, the building will be thrown open for inspection and Mr. Weston will give a short talk on what the Y. M. C. A. purposes doing and what they will require the ensuing year.

A ladies committee will be organized to take charge of all receptions and social affairs of the association and they will no doubt assist greatly in the opening reception

The small boy will have his place in the Y. M. C. A. but will be kept separate from the men and will have their hours the same as the men, they will not interfere any, their afternoons will be Tuesday and Thursday afternoons, and morning. A special room will be fitted up for them away from the men and Mr. Weston is anxious to meet every boy in the city Saturday morning. Mr. Weston is an expert at hunting and fishing and will take weekly tramps with the boys and if enough boys desire he will organize a camp and go with them for two weeks, his son Ted will have charge of the camp and will have a wireless from the camp to the city and will have it on exhibition at the building as soon as it arrives. He is a member of the wireless club of the United States and has made and conducted a wireless circuit. It is expected that an exhibition will be given at the opening and a game of basket ball, hand ball and volley ball will be played. The Y. M. C. A. teams court right back of the building will be very popular this season. Some of the young men have been working hard to put it in condition and their lady friends will be allowed to come and witness these games at any time.

If enough young men of the city will enter, the Y. M. C. A. will conduct a Marathon race and valuable prizes will be given by the business men of the city. In a city of this size 50 young men should enter. Scranton just had a Marathon and 20 thousand people witnessed it and this one should draw crowds of people to the city.

The religious work will be in charge of a strong committee, social song service will be conducted every Sunday afternoon for the summer.

—Try Admiral Coffee.

To Vote on Name for Church.

In order to secure a new and appropriate name for the Third Presbyterian church at Williamsport, the contract for the erection of which has been let, the pastor, Dr. Armstrong has hit upon a novel plan, which will be carried out. All the members are invited to suggest suitable names, and at a congregational meeting a ballot on names will be taken. The four names receiving the highest number of votes will be printed on a return post card, and will be mailed to every member and contributor of the church with a request to select one of the four names and returning by mail. The name receiving the largest number of votes will be the name selected.

SANDERSON DIES IN NEW YORK

Pennsylvania Capitol Defendant Succumbs Suddenly.

HAD BEEN ILL LONG TIME

Contractor Was Found Dead In His Bedroom While Maid Was Calling a Doctor — Conviction and Sentence Aggravated His Illness — Fourth Death to Follow the Capitol Graft Scandal.

Philadelphia, May 14.—A telegram received in this city says John H. Sanderson, chief "trimmer" of the $13,000,000 state capitol, died suddenly of Bright's disease in New York, just after he had returned to his apartments at Sherry's from a drive in Central park.

He left Sherry's in a victoria for a drive through Central park, but after he had been out a short time he told the driver to hurry back to Sherry's, as he felt ill. He went at once to his apartments and told a maid to call a doctor. He then went into his bedroom. When the doctor arrived he found the contractor dead.

Sanderson's illness was aggravated by his conviction and sentence in the Dauphin county court, March 13, 1908. Pending the decision of the superior court, to which appeal had been taken, the chief capitol "trimmer" was released in $25,000 bail.

Fourth Death to Follow Trial.

Sanderson's death is the fourth that has occurred of principals and witnesses in Pennsylvania's capitol graft scandal. As the result of worry over the first investigation of the capitol "trimming," George F. Payne, who had the contract for the $4,000,000 building, died. One of the witnesses, James C. Jeffries, was the second, and in December ex-State Treasurer William L. Mathues died.

Not until his trial for conspiracy in the capitol "trimming" did Sanderson show the least sign of a breakdown. When the jury returned its verdict on Friday night, March 13, 1908, a perceptible change overcame the chief defendant. He was nervous and agitated and only a few days after it was reported that his nerves had given way.

He went to Europe with his wife and, returning, remained in New York. Then, after his case had been taken to the superior court, where it now awaits a decision, he again went to Europe, intending to remain during the summer.

His condition grew worse, and in March he arrived in New York so weak that it was said he had to be carried from the steamship to his apartments at Sherry's. His death was expected.

THE SMALLEST BABY

Boy Born at Harrisburg Weights One Pound, Fourteen Ounces.

Harrisburg, Pa., May 14.—A boy baby weighing only one pound and fourteen ounces was born to Mr. and Mrs. Jacob Levi. The child is well formed and apparently healthy, and the attending physician says it will live. There is no record among local doctors of a living baby of such diminutive weight.

COUNT BONI TO HUNT HERE

Anna Gould's ex-Husband Plans Big Game Trip In Rocky Mountains.

Montreal, May 14.—The Canadian Pacific railway received a communication from Count Boni de Castellane, former husband of Anna Gould, asking that arrangements be made for guides, etc., for a hunting trip after big game in the Rocky mountains the end of July.

Girl Played With Fire; Dies In Agony.

Salem, N. J., May 14.—While Mrs. Michael Haggerty was absent from her home, near Auburn, her eight-year-old daughter Mary threw some kerosene into the stove to watch the flames. As she leaned over the stove the flames ignited her light dress, and she was quickly enveloped in a blaze. She ran screaming upstairs, where an older brother was at play. He extinguished the flames, but too late, for she soon died in terrible agony before her mother arrived home.

Loses Home If He Takes Second Wife

Pittsburg, May 14. — Guarding against her husband ever marrying again, Mrs. Mary A. Reichard, in her will, stipulates that the bulk of her estate shall go to her three children. Mrs. Reichard charges them to see that their father does not permit his sisters or a housekeeper to enter the house. If Reichard remarries he will haev to get another home.

Tillman Would Tax Tea.

Washington, May 14.—Senator Tillman introduced an amendment to the tariff bill making tea dutiable at 10 cents a pound. The purpose is to protect the tea industry of South Carolina.

A. P. Riddle Killed In Auto Accident.

Salina, Kan., May 14.—A. P. Riddle, former lieutenant givernor of Kansas, was killed here in an automobile accident.

Base Ball Association.

On Monday evening the base ball enthusiasts of Bellefonte assembled in the arbitration room, in the court house, and formed what will be known as the Bellefonte Base Ball Association. The turnout was large and there was much enthusiasm manifested in the movement. The officers selected are as follows: president, Hon. J. C. Meyer; vice president, Dr. W. W. Feidt, secretary, John Bower; treasurer, George R. Meek; and John Curtin will be the manager. It was decided that they would join the Central, a Pennsylvania League, now being formed. The local team is not entirely made up yet but the following will give the reader some idea of its strength: Harold Kirk and Rash Irvin, catchers; Leo Sholl, Earl Kline and Dandy Gilliland, pitchers; H. Otto, first base; M. Otto, second base; Robert Roberts and Philip Holter, short stop; Ralph Moerschbacher, left field; Ed. Keller line, centre field; and John Gordon, right field You can see from the above that Bellefonte will have a rattling good team. The next thing in order is to get our citizens enough interested in this undertaking to furnish the boys the money to make it a success. Suits must be provided and the guarantee made promptly. If the games are well patronized there will be no question but what the boys will come out O. K.

Another meeting will be held in the arbitration room this evening to elect delegates to the meeting of the league in Lock Haven Friday evening when the officers of the league will be elected.

—Try Admiral Coffee.

We often wonder how any person can be persuaded into taking anything but Foley's Honey and Tar for coughs, colds and lung trouble. Do not be fooled into accepting "own make" or other substitutes. The genuine contains no harmful drugs and is in a yellow package. Sold by C. M. Parrish.

Millions of Needless Loss Wasted Patriotism.

As a result of the almost bloodless conflict with Spain, the actual hostilities of which lasted less than six weeks, the United States pain in 1908 $3,471,157 in pensions, with assurance of an annual increase for many years to come, and the rolls of the Pension Office today bear the names of 24,000 pensioners over 19,000 of whom are invalids and survivors of this war. More than 18,000 addition claims are now pending, although the total of the Cuban army of invasion was only 20,000 men. In 1907 the United States paid in pensions a total of $146,000,000. For 1908 the appropriation was increased to $151,000,000.

In all the wars in which the United States has engaged disease has been responsible for more than 70 per cent. of the mortality, more than one-half of which could have easily been prevented through organization and preparedness.

Preventable disease, more than wounds, swells the pension lists. Through the Museum of Safety and Sanitation, it will be shown how to lessen this loss. Statistics of the Pension Office prove that if this unnecessary loss had been avoided the saving pensions alone would have paid the cost of the resulting war every twenty-five years. Aside from the sorrow of the homes made desolate, consider the economic value of the 70 per cent. of lives now uselessly sacrificed that might be saved as bread-winners in industrial pursuits.

Many weak, nervous women have been restored to health by Foley's Kidney Remedy as it stimulates the kidneys so they will slimale the waste matter from the blood. Impurities depress the nerves causing nervous exhaustion and other ailments. Commence today and you will soon be well. Pleasant to take. Sold by C. M. Parrish.

Scenes of Absorbing Interest.

In order to impress the importance of Messina before its destruction, Lyman H. Howe will reproduce it at Garman's Opera House on May 19. The scenes reveal very brilliantly the art, industries, and architecture of the fatal city before it was laid waste in the twinkling of an eye. The pictures lift the veil from what is now a city of the past, and by doing so give every spectator a more adequate conception of the terrible havoc than would be possible otherwise. The pictures showing the city immediately after the earthquake are even more intensely interesting. They held the vast audiences in the New York Hippodrome spellbound. They tell far more than could possibly be told in any other way. The New York papers unanimously conceded Mr. How's exhibition to be the most impressive—as well as the most entertaining that has been seen in America. No moving pictures of any event ever revealed as much as these particular scenes in and about Messina.

—Everything fresh and up-to-date at Sechler & Co's. D-tf.

If you want to feel well, look well and be well, take Foley's Kidney Remedy. It tones up the kidneys and bladder, purifies the blood and restores health and strength. Pleasant to take and contains no harmful drugs. Why not commence today? Sold by C. M. Parrish.

U. S. SENATORS REVEAL PROFITS

Say Tariff Has Nothing to Do With High Prices.

HOW PUBLIC IS SQUEEZED

Haviland Dinner Set, Costing $10.89 to Import, Is Retailed at $36, and Razors That Cost $3.95 a Dozen Are Sold For $24—Enormous Profits In Glassware.

Washington, May 17. — The housewives of the United States should subscribe for the Congressional Record while the debate on the tariff bill is going on in the senate. They will find much valuable information in its pages.

The senators have been making an exhaustive research into the cost of things for the purpose of establishing and fortifying their arguments. And from time to time they set forth pieces of knowledge about the ordinary articles of domestic consumption that are enough to make even the most angelic of wives grate her pearly teeth.

Take that dinner set of beautiful and delicate Haviland china, for braking one piece of which she is ready at a moment's notice to discharge the best kitchen mechanic she ever had. One senator, who had been looking up the matter, stated the other day that the cost of this ware is as follows:

Wholesale price per set of 100 pieces in New York	$5 77
Duty price per set	4 08
Other charges	1 04
Total	$10 89
Retail selling price	$36 00

Some Glassware Figures.

But china is not the only thing about which the senators are telling things. One of them said glass water pitchers which sell at the factory for 90 cents a dozen retail at the stores for from 25 to 50 cents each.

Ordinary window panes cost at the factory, or in New York, 4 cents each, and this price includes the duty and a liberal allowance for breakage, yet at the stores they are retailed at 25 cents each.

One western senator has discovered that blue print cups and saucers, made of what he described as Japanese china, cost 3¾ cents a pair to import and the duty is only 2¼ cents a pair, yet the regular retail price is 35 cents a pair.

One statement which caused a positive sensation among the good dames in the gallery was to the effect that a tea set commonly retailing for $3.50 costs at wholesale only 41 cents.

What the Men Pay.

Senator Smoot also shook up the men folks when he asserted that even the users of razors were made subject to the same kind of extortion. Razors which retail at $2 apiece, he said, cost the jobber $3.95 a dozen, and he sells them to thhe retailer for $9 a dozen, and the latter then soaks the consumer for $24 a dozen.

Men also get the worst of it when they buy their clothes, according to the senatorial elucidation. It was charged during the debate that all the material for a suit of the best imported woolen clothes, including cloth, lining, buttons, etc., is only $7.50. The duty is $5.39, making a total of $12.89, and yet this suit of clothes, if custom made, costs the wearer from $50 to $75, and if bought "hand-me-down" not less than $30.

The senators who make these revelations do so in order to show that the duty has not a thing to do with the high price of everything in the United States. In fact, they do not attempt to explain the reason for these prices except that it is an American habit to pay them.

BIG STRAWBERRY CROP

Growers In Delaware Expect to Realize Nearly $1,000,000.

Dover, Del., May 17. — Today the great strawberry season of 1909, which is expected to make some rich men out of poor farmers in Delaware opened. Never in the history of Peninsula fruit growing have such luxuriant berries hung from the vines. From $750,000 to $1,000,000 is the estimate placed on the crop of Delaware's three counties alone.

Dreams of Fire; Leaps From Window.

Parkersburg, W. Va., May 17—While dozing in the third story window of a hotel here John McDougle, of Pennsboro, Ritchie county, dreamed that the hotel was on fire and jumped from the window. He alighted on an awning and his fall was broken. He was only slightly hurt.

Killed by Wife and Companion.

Tacoma, Wash., May 17—The victim of a conspiracy between his wife and Charles Newcomb, a laundry wagon driver, Martin Kvalshaug, forty-one years old, was murdered. Newcomb and Mrs. Kvayshaug have confessed.

Weston Resumes His Walk.

Wakeeny, Kan., May 17.—Edward Payson Weston resumed his walk to San Francisco this morning. He spent Sunday resting.

The Weather.

Forecast for this section: Fair and cooler today; tomorrow, cloudy; light west winds.

EMMA EAMES SUED

Charged With Alienating Affections of De Gogorza, the Opera Singer.

Philadelphia, May 15.—Suit was begun here against Emma Eames, who is charged with alienating the affections of Emilio de Gogorza, a baritone

EMILIO DE GOGORZA.

in her company. The suit is for $100,000. The complainant is Elsa de Gogorza, of New York, the baritone's wife. The prima donna was served at the hotel where she is stopping here prior to her departure for Europe. No statement has been filed, and George Graham, Mrs. De Gogorza's attorney, declined to discuss the case.

SLEEPS UNDER SPOUT; DROWNS DURING RAIN

Gardner Who Sat Down to Rest is Found Dead.

Scranton, Pa., May 15. — Carelessness in selecting a place to sleep resulted in the death of William Griesdale, of Main street, Peckville. Fatigued by his work in the garden, Griesdale reclined near the back steps of his home, with his head directly under the rainpipe, and during a heavy rainstorm he was literally drowned by the rush of water from the pipe.

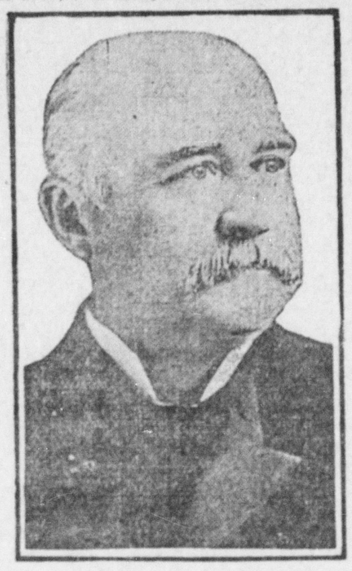
When the lifeless body was found there was every evidence that he had been suffocated, and Undertaker Kinback, who was summoned, decided after investigation that drowning was the cause of death.

Evidently he fell asleep and was breathing heavily when the water spurted into his face. The roof of the house is quite high and the water had considerable force, and it is presumed that this, coupled with the suddenness of the attack upon the sleeping man, caused almost instant death.

STUART'S CUT $21,000,000

Reduces Legislature's Appropriations For State and Charities.

Harrisburg, Pa., May 17.—Governor Edwin Stuart cleared his desk of the bills left with him by the legislature of 1909, which adjourned a month ago.



GOVERNOR E. S. STUART.

The last bills to be acted upon were the appropriation bills, which carried $67,000,000 as passed by the legislature. It is estimated that the governor cut about $21,000,000 from the bills, this sum including the cross-state highway bill, capitol park extension and other bills which had been vetoed previously.

Heavy cuts were made among the appropriations for state institutions, semi-state institutions and charities such as hospitals and homes, to bring them within the amount of revenue available.

If the reader has a "bad back" or any kidney ill and is looking for relief and cure, better depend on the only remedy endorsed by people you know. Doan's Kidney Pills relieve quickly—cure permanently. Bellefonté citizens testify to this. Here is a case of it:

Mrs: Emma J. Davis of E. Logan St. Bellefonte, Pa. says; I have a great deal of confidence in Doan's Kidney Pills, and have already recommended them in a published testimonial in 1897. I told how I had been relieved of kidney complaint and backache which had kept me suffering for years. Doan's Kidney Pills did this for me when other remedies had failed. Whenever I feel any symptom of my old trouble I send to F. Potts Green's drug store for a supply of Doan's Kidney Pills and it never requires more than a few doses to get me right."

For sale by all dealers. Price 50 cents. Foster—Milburn Co., Buffalo, N. Y. sole agents for the United States.

Remember the name—Doan's—and take no others.

A pain prescription is printed upon each 25c. box of Dr. Shoop's Pink Pain Tablets. Ask your Doctor or Druggists if this formula is not complete. Pain means congestion, blood pressure. Head pains womanly pains, pain anywhere get instant relief from a Pink Pain Tablet. Sold by J. Zeller & Son.

EDITORIAL.

PROGRESS OF THE TARIFF.

A correct, scientific and honest revision of the tariff is precisely such revision as would change duties in any schedule according to the principles of the party making the revision. In the case of the Republican party, such revision must of necessity maintain protection and equalize the difference in cost of production in this country and abroad. Such revision necessarily results in some substantial reductions in rates of duty. Many substantial reductions have been made by the Aldrich-Payne bill during its progress up to this time. Other reductions in rates no doubt will be made before the bill is completed.

There have also been substantial increases in rates; transfers of articles now on the free list to the dutible list; reclassification of items in the schedules, and such modifications of different paragraphs in the dutiable list and in the administrative features of the law as will tend to insure not only adequate protection upon the most highly finished articles into which the greatest amount of labor has entered, but insuring that the vicious system or undervaluations by importers which defeat the object of the revenue law to afford both revenues and protection shall be avoided.

In the preliminary campaign, before the adoption of the Republican national platform of 1906 there was much idle and reckless talk by sensational newspapers and orators about the "demand of the people for a reduction in duties." At the time this idea was squarely met by the genuine protectionists of the country with frank avowal that the American people did not then, nor would not at any time demand reductions in duties below the level of necessary protection. It was also pointed out by protectionists that when a revision of the tariff should be entered upon, it would be found that a study of the schedules and of the relative conditions of production in this country and abroad would demonstrate the necessity of many increases as well as decreases in the rates of duty. This is precisely what the committees of both houses and all members of Congress who have given any thought to the subject have found to be the case.

NEEDLESS KILLINGS PERILS OF PEACE.

In the whole country from all causes in 1908 the accidents totaled 500,000 persons, which is 500 regiments strong, and these victims of the perils of peace would be hours in passing a given point.

Devices which will diminish this woeful line at least one-half are available. Models or photographs will be kept on view at the Museum of Safety and Sanitation in order that the employer may be able to inform himself how to reduce that line, save 250,000 men for earning efficiency and cut litigation and damage expenses millions of dollars every year.

Wood and metal working machinery; stamping, grinding and polishing machines; presses; cranes and hoisting machinery; transportation security by sea and land; safety lamps and explosives; quarrying, agricultural and chemical industries; safety from fire—all these will be represented. Also, there will be a section of sanitation, to include improved dwellings, first aid to the injured, prevention of industrial diseases; respirators and methods for supplying pure air and insuring health.

There are ten Transatlantic museums of safety where industrialists may go to learn how to avoid killing or maiming those who work in their shops, factories, mines, fields, railways, buildings and ships. To these musems a man about to begin any kind of business may go to learn what appliances he needs to safeguard himself against enormous annual expenditures for "damages" and to protect his workmen from loss of life, limb or health while in his employ.

In America the insurance interests estimate the annual loss to companies from preventable accidents to be $125,000,000. This does not include costs of defending suits at law, in which his lawyer usually gets one-half.

One half of $500 is a small sum for a wage-earner to receive for partial or total incapacitation for life. Many of these cases become a charge upon the general community. The owner of the mill or shop in which the hurt or utterly disadvantaged wage-earner has met disaster has to share this burden in his taxes, along with the costs he has souldered in the litigation to determine the damage sustained, while the final award to the injured mad or to the former employer is often unfair and unbusinesslike. The worker gets less, the employer pays more than he ought to.

THE NEW PURE FOOD LAW.

The governor yesterday approved the Murphy pure food act, thus making the law of the state. The action of the superior court in pronouncing the Tustin act unconstitutional left us without protection from adulterants or chemical preservatives and the governor was confronted by the alternative of attaching his signature to the Murphy act or leaving the people of the commonwealth without protection of any sort. He did wisely in approving it.

The Tribune has commeeted so fully upon the bill which now becomes the law of the commonwealth that little remaids to be said. We are opposed to the use of all suspicious preservatives or adulterants in the use of food and strongly urge our readers to patronize those manufactures who dispense with their use. It should be the business of every housekeeper to carefuly examine the labels and make purcheses accordingly. The only defect in the new act is that it authorizes the use of one-tenth of one per cent of benzoate of soda in those articles in which it has been used heretofore, and of sulphur dioxide in the preparation of dried fruit. This compromise was necessary in order to secure the balance of the act.

Taken as a whole, the new act is one of the most comprehensive and stringent laws ever placed upon the statute books. It prohibits by name the use of a great number of adulterants, including alum and salts of copper and it permits a criminal prosecution for the violation of its provisions. There is reason to believe that the measure will give the people of Pennsylvania the best and most effective protection against impure food that they have yet received and that those who endeavor to increase their profits by adulterating the food products they manufacture will soon find themselves confronted by severe punishment.

TO CURB A TRUST.

With more than forty water-power bills in Congress and corporations grasping at every available site in the country without recompense, President Taft is urged by water-power expert John L. Mathews in the June Hampton's to curb the growing power of what threatens to be a greater trust than Standard Oil. He declares, "A new monopoly more terrible than has ever threatened the country, paying nothing demanding all, its members have gone into Congress and borne away perpetual franchises to the greatest of our last remaining resources. Only the determined stand of President Roosevelt and Forester Gifford has so far come between them and victory."

It was the Rainy River dam bill which President Roosevelt vetoed. Rainy River, a broad, deep stream, forms the boundary for a considerable distance between Minnesota and Canada.

For making paper, for milling in transit the wheat which passes through, there is not in the world a more favorably situated power. It is available in Canada and in America, on either side of the tariff wall," says Mr. Mathews.

Congress and the state gave away all public right in the fall. It happened that the company was restricted in the time allowed it to build its dam, and when the time expired had made barely a beginning. The corporatison owners asked and secured an extension of time from Congress, and this extension President Roosevelt vetoed. The bill was passed over his veto, but not until the company had executed a contract by which its grant expires in ninety-nine years, and in the meantime the Secretary of War may regulate the charges which it can make for power.

Unclaimed Letters.

The following letters remain in the Bellefonte P. O. uncalled for May 15th 1909.

James Boswell, A. R. Clark, Frank Clayton, Miss Margaret Tacey, James Musser, Miss Martha Thomas.

When called for please say advertised

T. H. HARTER, P. M.

—Try Admiral Coffee.

Headache?

If it does, you should try Dr. Miles' Anti-Pain Pills. Why not do so. They will relieve the pain in just a few minutes. Ask your druggist There are 45,000 druggists in the U. S. Ask any of them. A package of 25 doses costs 25 cents. One tablet usually stops a headache. They relieve pain without leaving any disagreeable after-effects —isn't that what you want?

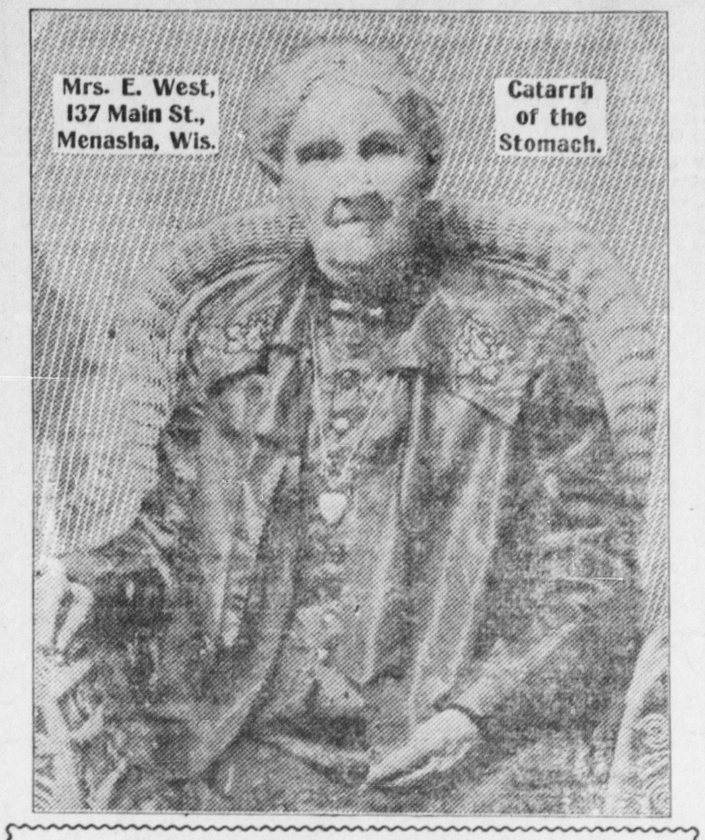
"My son Frank Snyder has used Dr. Miles' Anti-Pain Pills for a long time. He never had anything to help him so much for headache. A year ago he came home, and I was down sick with such a dreadful nervous headache. He gave me one of the Anti-Pain Pills, and after while I took another and was entirely relieved. I always keep them in the house now, and gave many away to others suffering with headache."

MRS. LOUISE LEWELLYN, Powell, South Dakota.

Your druggist sells Dr. Miles' Anti-Pain Pills, and we authorize him to return the price of first package (only) if it fails to benefit you.

Miles Medical Co., Elkhart, Ind

WE HAVE USED PE-RU-NA IN OUR FAMILY FOR A NUMBER OF YEARS.



Robust and Strong—Splendid Appetite.

Mrs. E. West, 137 Main St., Menasha, Wis., writes:

"We have used Peruna in our family for a number of years and when I say that it is a fine medicine for catarrh and colds, I know what I am talking about.

"I have taken it every Spring and Fall for four years, and I find that it keeps me robust, strong, with splendid appetite, and free from any illness.

"A few years ago it cured me of catarrh of the stomach, which the doctors had pronounced incurable.

"I am very much pleased with Peruna."

Bowels and Stomach.

Miss Mary Jones, 7918 Reynolds Ave., Chicago, Ill., writes:

"I can recommend Peruna as a good medicine for chronic catarrh of the bowels and stomach. I have been troubled severely with it for over three years. I consulted two of Chicago's best doctors, but none seemed to make any improvements whatever.

"One year ago I began to take Peruna, the wonderful tonic for women, and I noticed a wonderful improvement at once. I took six bottles in succession and I always have it on hand to take some now and then when my cough is bad.

Pe-ru-na a Wonderful Tonic.

"Words cannot express my praise for your tonic. I weighed only ninety pounds before taking Peruna, now one hundred nineteen pounds.

"Any one who has chronic catarrh should try Peruna. It will help any one."

Catarrh of Internal Organs.

Mrs. B. H. Jackson, R. F. D. 5, Newnan, Ga., writes: "I have had catarrh of the internal organs for more than a year. I tried other medicines without any benefit.

"I was persuaded to give Peruna a trial, and the first bottle proved a godsend, and after taking ten bottles I have received a permanent cure."

Her mother, Mrs. John Housworth, says: "I feel as though I ought to praise Peruna above every and any medicine in the world for what it has done for my daughter. She seems to be completely cured."

A Medicine for Women.

Mrs. E. T. Gaddis, Marion, N. C., writes:

"Before I commenced to take Peruna I could not do any hard work without suffering great pain.

"I took Peruna and Manalin, and can say with pleasure that it has done more for me than any other medicine I have ever taken. Now I am as well as ever. I do all my own work and it never hurts me at all.

"I think Peruna is a great medicine for womankind."

A Household Remedy.

Mrs. J. R. Walker, 512 Chestnut, Kansas City, Mo., member United Presbyterian Church, writes:

"I have been married eight years and have two children, and have never in my life found any one medicine as valuable as a household remedy as Peruna.

"My husband took it seven years ago for a cold and catarrhal trouble. I use it every year as a tonic and give it to the children when they take cold or have any of the ailments which children are addicted to.

"I found that it is the only medicine that we need, and do not hesitate to recommend it as a splendid household remedy."

Could Neither Eat Nor Sleep.

Mrs. N. P. Lawler, 423½ N. Broadway, Pittsburgh, Kas., writes: "Peruna is a sovereign remedy for catarrh.

"Last spring I caught a severe cold, which developed into a serious case of catarrh. I felt weak and sick, and could neither eat nor sleep well.

"A member of our club who had been cured of catarrh through the use of Peruna, advised me to try it and I did so at once. In three days I felt much better and within a week I was well. I continued taking the entire bottle, and within two weeks I was in fine health."

Now Well and Hearty.

Mrs. Caroline Daft, Route 1, Bryan, Ohio, writes:

"I can testify to the merits of Peruna. I have taken considerable of it, and one bottle of Manalin, and they both are most excellent remedies.

"I am as well and hearty as I ever was in my life and give the credit entirely to your medicines."

Now Has Good Appetite.

Mrs. Selina Tanner, Athens, Ohio, writes:

"I cannot find words to express my thanks for your kind advice. I never once thought I had catarrh of the stomach.

"I commenced taking Peruna as you directed. My stomach continued to hurt me for about two weeks after I began the medicine, and then it stopped.

"I now have a good appetite, while before I was nearly starved."

Substenance of Veterans.

Retired ministers and widows of members of the Central Pennsylvania conference of the Methodist Episcopal church will be allowed a distribution of annuities this year of fifteen per cent. of face claims.

This appointment, made Thursday afternoon by the conference trustees, meeting in adjourned session at Harrisburg, will be a great inspiration to the conference and a blessing to the hundreds of annuitants. The rate of distribution of payments to the annuitants claims will prevail for the ensuing year.

The board of trustees went into executive session at the Maple Grove hotel, at Harrisburg. The most important business transacted was the treasurer's exhibit, by J. H. Morgan, of the annuity fund, which provide for retired ministers and widows of members of the conference on the basis of service. Last year April 22 the fund amounted to $73,557.87. On May of this year, the fund showed $83,718.43. an increase of $10,160.56. A fifteen per cent. rate of distribution was decided upon.

The trustees handle other funds and money to a total of $84,833 40.

The board of trustees is composed of the following members of conference elected in the corporate session: W. W. Evans, D. D., of Harrisburg; H. L. Jacobs, Altoona; Professor J. H. Morgan Carlisle; J. B. Stein, D. D., Tyrone; E. M. Stevens, Williamsport; George Leidy Mt. Union, and M. L. Gance, Chambersburg. In addition to these, members A. A. Stevens, Esq., the boards attorney, was in attendance.

At 1 p. m., the charter hour, the new board of trustees elected at Harrisburg conference March 25th, 1909 met. Officers were elected for the year 1909 as follows: W. W. Evans, president J. B. Stein, clerk; J. H. Morgan, treasurer; A. A. Stevens, corresponding secretary and attorney.

The New Base Ball League.

Quite a successful meeting of the organizers of the new base ball league was held at Lock Haven Friday evening and the prospects seem bright for a successful season. It is now up to the people of Bellefonte to lend their hearty support to the home team, for with such men on the team as the two Otto's Phil Holter, Quirk, Roberts and others there is no reason why the Bellefonte team should not carry off the honors. Make up your mind, that Bellefonte is going to have a winning team and she will have it.

If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or billousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherrybark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such *professional* endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native, medicinal roots and is safe and reliable.

A booklet of extracts from eminent, medical authorities, endorsing its ingredients mailed *free* on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

Bellefonte Motor Club Organized.

Eighteen owners and drivers of automobiles met in the arbitration room of the court house on Saturday evening and all were enthusiastic in the organization of the Bellefonte Motor Club. Robert F. Hunter presided over the meeting and after the purposes of the club had been discussed somewhat fully a permanent organization was effected by the election of the following officers:

President, Robert F. Hunter; vice president, John S. Walker; secretary, M. I. Gardner; treasurer, F. E. Naginey; executive committee, Col. W. Fred Reynolds, Col. H. S. Taylor and James H. Potter.

John Sebring Jr., W. Harrison Walker and H. S. Ray were appointed a committee to prepare and submit by-laws for the governing of the club. A motion passed making all owners and drivers of automobiles eligible to membership and fixing the membership fee at five dollars. The eighteen men present signed the membership roll.

As discussed at the meeting the Bellefonte Motor Club has been organized not to antagonize owners and drivers of horses or the public at large but to cooperate with any other organization or individual in the cause of good public roads and the proper enforcement of the law in every way. As an organization they will not uphold speeding or reckless fast driving and will use every effort to see that the rights of others are as well protected as their own. Such was the sentiment of every man present at the meeting and with this as their platform they should prove a success.

Howard.

Grove Brothers Post No. 262 have about completed arrangements for the proper observance of Memorial day. The memorial sermon will be preached in the Reformed church on Sunday, May 30, at 10:30 a. m. by Rev. H. I. Crow. On account of the small number of members who have to bear to burden of the services Memorial day will not be observed at Jacksonville as has been the custom in past years At 1:30 o'clock on the afternoon of Monday, May 31st the Post will assemble for the services in the Howard cemetery. They will probably be joined by the Howard band. P. O S of A. and I. O. O. F. The orator of the day will be J. Kennedy Johnson, of Bellefonte.

Washington Camp No 518 P. O S. of A is now in a very flourishing condition, new members having been added almost every night during the past few months. Tuesday night of last week six new members were initiated and one reinstated. At this week's meeting eight more candidates were balloted for and more have promised to come. Most of the new members are young men and their addition to the roll will greatly strengthen the local order. The camp is in a good condition financially and the members look forward to a brilliant future.

Thomas Pletcher has about completed the improvements to his home which will greatly add to its convenience. The new addition consists of a kitchen and pantry on the first floor and a bed room and bath room on the second floor. The bath room will be fitted up complete and his home will be quite modern.

During the past few weeks fishermen have been setting their hooks and bottlines for the slippery eel, but they have not met with the success of former years. A few large catches have been reported but the eels are small.

The extremely warm weather Friday and Saturday proved too tempting to the small boy and many of them sought the swimming hols with the usual acclaim: "Come in, the water s fine!"

There are still a few lingering cases of measles about town, while "pink eye" has become prevalent during the past few weeks.

While cutting wood for N. H. Schenck on Monday, Merrill Schenck, a son of Squire Hayes Schenck, accidentally cut a gash in his leg. Fortunately the wound was not serious, requiring only one stitch of the physicians thread.

Edward Sykes, the well known Beech Creek clothier, will this open a branch store in the Cooke building on the corner of Main and Walnut streets.

Ronald Welch is ill with congestion of the lungs.

Quite an enthusiastic meeting of the base ball fans was held Monday evening and steps taken for the organization of a team for the season. Joe Diehl was chosen manager and other officers were elected. An effort will be made to retain all the home players and a strong team can be put in the field. It is hardly probable that there will be a league similar to last season but some good ball is promised.

James Leathers of the firm of Bowers and Leathers narrowly escaped with his life Monday forenoon while at work in the handle factory. Mr. Leathers was at work at the sand belts and while thus engaged a loose pulley caught his trouser leg, tearing it off and throwing him about the machinery. The flesh of the right leg was badly lacerated below the knee, requiring a number of stitches by the physician who was summoned. At latest reports he is getting along nicely.

Miss Marie Reese, a student of the Lock Haven normal, visited relatives here last week.

Mr. and Mrs. W. E. Ertel, with their son Herbert and daughter Mrs. Moltz, of Lock Haven, left last Wednesday for Pittston, Mass., where they will visit their daughter and sister Mrs. Lulu Thompson.

L. C. Bullock of Milesburg, was in Howard last Thursday, in the interests of the Bellefonte hospital. Our citizens purchased liberally of the tickets for the ambulance benefit.

Miss Loyan Henderson, chief operator in the Bald Eagle telephone exchange here has been in Loganton the past week instructing the several operators in the new exchange at that place.

Mrs. George Leathers and sister returned Thursday from a visit to the home of their parents at Emporium.

Attorney J. A. B. Miller, of Bellefonte transacted legal business here on Friday.

Jacob Kaup, of Pittsburg, visited several days with his sister Mrs. J. L. Holter.

Mrs. Carrie Evans, nee Bowes, of Wilkes-Barre, is visiting her parents Mr. and Mrs. Thomas Bowes.

Mr. and Mrs. W. D. Sprangle were Milesburg visitors on Sunday.

Liveryman John M. Robb was a business visitor in Lock Haven Saturday.

Centre Mills

Mrs. Harvey Limbert and J K. Moyer are on the sick list at present

Mrs. Flora Limbert and Eva Moyer are attending the Reformed classis in Bellefonte this week.

Mrs. Albert Corman and Miss Margaret Weaver Spent Saturday evening with Mrs. J. Kline.

Mr. Albert Corman and family spent Sunday with Adam Niese and family.

Mr. George E. Miller was one of the first men that finished corn plating last week.

The Centre Mills and Madisonburg boys had a happy time the other week serenading Miff Moyer at Spring Bank. While they were serenading at one place. Mr. Moyer took a sneak to another place.

Roy Grim is working for J. K. Moyer at present.

Rev Tause took dinner with J. A. Kline on Sunday.

The funeral of Mr. Mans was largely attended on Sunday.

Milesburg

Mrs. Bert Lucas who has been on the sick list for sometime is improving at this writing and is visiting her parents in Unionville.

Wm. H. Shultz is now the mail messenger on route 210270. He and W. T. Hall's bidding was the same figures for the work. In this case it looks as if the soldiers had the preference in the mail business.

W. A. Bromer is now in Pittsburg working at the painting and papering business.

Mrs. Ed. Bullock took her vacation week visiting friends out of town.

James I. Lucas and wife of Avenmore are guests of her parents, H. N. Jones and wife.

Mrs. Frank Houser of Easton and Mrs. Anna Steltz of Jersey Shore are guests of Mrs. Frank Holt of Market street.

Ed Bavarr and wife of Philipsburg were guests of his mother, Mrs. Emma Bavarr.

Enoch Hugg of Philipsburg visited his son and daughter of the burg recently.

Uriah Housel has a bell telephone installed in his residence on the corner of Market and Centre street last week.

The Willard Model Show with a large canvass tent, was here on the 15th, left Sunday morning for Snow Shoe.

Mrs. B. Eldridge and son of Camden, N. J., arrived here last week. The Rev. and his wife are busy unpacking their goods for housekeeping in the Baptist parsonage.

Harold Watson of Snow Shoe is having a good time on the farm with his grand-parents, W. F. Piece.

One white red spotted calf lost between Wallace Run and Moose Run. A liberal reward will be given for the reward of the calf. W. F. PETERS.

Pine Glenn

The spring like weather is making our farmers very busy.

David Benton is visiting friends in Altoona.

Edith Viehdorfer is visiting her sister Mrs. Jas. Miller of Bellefonte.

Mr. Jacob Walker of Centre Hall spent a few days of last week with his daughter Mrs. N. Vallimont.

After spending two weeks in Clearfield Mrs. Rufus Overdof returned home on Tuesday accompanied by her sister Mrs. J. C. Watson and children.

The communion and baptism service which held in the M. E. Church Sunday afternoon was well attended. Rev. Salter of Clearfisie delivering a fine sermon.

When a horse picks up a nail in his foot what does the driver do? Does he whip the limping, lagging animal and force him along? Not unless he wants to ruin the horse. At the first sign of lameness he jumps down, examines the foot and carefully removes the cause of lameness. What called "weak stomach" is like the lameness of the horse, only to be cured by removing the cause of the trouble. If you stimulate the stomach with "whisky medicines" you keep it going, but every day the condition is growing worse. A few doses sometimes of Dr. Pierce's Golden Medical Discovery will put the disordered stomach and its allied organs of digestion and nutrition in perfect condition. Ninety-eight times in every hundred "Golden Medical Discovery will cure the worst ailments originating in diseases of the stomach. It always helps. It almost always cures. To cure constipation use Dr. Pierce's Pleasant Pellets. They're sure.

The Matrimonial Market.

The following marriage licenses were issued during the past week by Register Earle C. Tuten.

NEW LEAGUE LAUNCHED.

Partially Completed Schedule Calls for Opening of Season on May 31.

After a long session, all the details of the new Central Pennsylvania base ball league were perfected in Lock Haven on Friday night with the exception of the completion of the schedule, and the work of getting together winning teams in the four towns on the circuit—Lock Haven Renovo, Bellefonte and Jersey Shore—will be immediately proceeded with in order to begin the schedule on May 31.

The four clubs in the league were represented at the meeting by the following named directors. Lock Haven, F. D. O'Reilley and Joseph Simon, the latter as proxy for C. H. Achenbach; the Renovo Edward Shelley and J. C. Stout, the latter as proxy for W. D. Bailey; Bellefonte Harry Otto and J. J. Bower, esq.; Jersey Shore, W. R. Downs and R. W. O'Conner.

All those present were enthusiastic for the formation of the league, and after an informal discussion of some of the details an organization was perfected by the election of the following officers: President, P. P. Griffin, Lock Haven, vice presidents, W. R. Downs, Jersey Shore and Edward Smiley, Renovo; secretary, F. D. O'Reilly' Lock Haven, treasurer, J.J. Bower, esq., Bellefonte.

The schedule calls for two games a week for each club one at home and one abroad. The National League rules govern except the following, The management of each team must submit a list of the players composing the club to the directors of the league not later than May 15 for approval, all players in each team must be under contract not to play with any other team during the season; each club must deposit a stated sum with the league officers as a guarantee that they will remain in the league until the completion of the schedule which will end September 25 and which calls for six games with each team in each town in the circuit.

The opening games of the league season will be played at Jersey Shore, Renovo and Bellefonte on May 31. and will be double headers. Lock Haven will oppose Jersey Shore at the latter place in the forenoon and afternoon, while Renovo will go up against Bellefonte at the latter place in the forenoon and in the afternoon the same teams will play at Renovo.

The Past Recalled.

The Charles Henry Treziyulny spoken of in the Philadelphia Press of May 10th, and referred to by the Daily News of May 12th, came to Philipsburg for Hardman Philips, laying out this town and doing engineer work on almost the entire and grant belonging to Hardman Philips.

He at one time resided in Philipsburg in the house now so well known as Halehurst. At that time Indians were frequent visitors at their home, but were friendly to the Treziyulny's.

Charles Henry, Treziyulny was married to a very estimable German lady at Philadelphia. To them were born Henry in 1800; Sarah, in 1802; Elizabeth, date unknown; Hyson, later called Hyacinth, in 1807; Charles, unknown; Catharine, in 1822, and Frances two years later. Several other children died in early life and all are buried in Bellefonte, excepting Henry, who was buried on his own farm at Milesburg.

There are living but two decendents by the name of Treziyulny—Charles, son of Henry, at Milesburg, and William, son of the eldest Charles, at St. Paul, Minn. Charles Campbell, our townsman, is the only son of Catharine and has in his posession a large service sword carried by the orginal Treziyulny. A Mr. Flegal, of Morrisdale Mines, has a cane of peculiar make-up which Mr. T. gave to the original Mr. Kyler's. Osceola was laid out by Henry Treziyulny and some of the streets bear the names of Henry T'e. sisters, viz: Sarah, Catharine and Elizabeth.

There is supposed to be a large estate in Poland which belongs to Treziyulny, but it has never been investigated.

Frances T. married Joseph Brenner, who was for many years a merchant in Old Morrisdale, now called Allport, to whom was born four children—Edward, Charles, William and Frances. Edward was for many years post master at Kylertown, and will be remembered by many. He is now with the P. R. R. and located in Philadelphia with Charles and William.

Frances married a man by name of Banford, and has not been heard of for many. Mrs. Henry Bridgens, of Lock Haven, is a daughter of Catharine T. Mrs. Richard Gibbs, of Milesburg, is the only daughter of Henry T.

—A new series of stock in the Centre Building and Loan Association will be issued on June 19 1909, any one desiring to secure shares can make their subscriptions to Dr. E. S, Dorworth, C. K. Hicklen, E. E. Ardery, Joe Ceader, F. E. Naginey, S. D. Gettig, A. C. Mingle, Pres. or C. F. Cook, Secy. This Association has been doing a very careful and profitable business, and for the past few years have been earning about 6 per cent for the stockholders. The saving feature of Building and Loan Association is in itself a good investment for those who can save only a small amount each month. 5-19-tf.

Real Estate Transfers.

Sophia S. Hunter to First National Bank of State College, April 28 1909, lot in State College; consideration $1000.

A Serious Accident.

On Sunday afternoon about 3 o'clock Robert Cole was preparing to take his family out for a spin in that automobile he recently purchased. He had just brought the auto from the garage to his residence on East High street and was preparing to alight when the machine started to go backward at a rapid pace. It ran down the steep hill for some distance and then suddenly veered into the park between the Jail and Court House For a time it looked as if it would surely go over the high wall in the rear of the Court House as it was headed that way. But when it struck the gutter around the tar pavement above the wall, one of the wheels smashed, and it came to a sudden stop. Fortuntely Mr. Cole, who was the only occupant of the machine at the time, escaped uninjured. The machine however was badly wrecked and was taken to Keichline's garage for repairs which will take some time to make.

Reduced Rates to Gettysburg.

On Monday, May 31st, Memorial Day, the monument to the regular army engaged in the battle of Gettsburg will be dedicated on the Battlefield by the United States Government. President Taft will participate in the ceremonies.

Excursion tickets to Gettysburg will be sold by the Pennsylvania Railroad from all principal stations May 27th to 30th, good to return until June 3rd, inclusive, at reduced rates.

Suggestive Questions on the Sunday School Lesson by Rev. Dr. Linscott for the International Newspaper Bible Study Club.

May 23rd, 1909.

The Council at Jerusalem. Acts xv: 1-35.

Golden Text. — We believe that through the grace of the Lord Jesus Christ we shall be saved, even as they. Acts xv:11

Verses 1-5—Are good men liable to hold wrong opinions?

When good men differ in opinion what is the better way in order to reach an understanding?

When a professed Christian gets angry with another Christian, on a mere matter of opinion, has he or not backslidden from the love of God, and what spirit does it show? (This question must be answered in writing by members of the club)

Circumcision no doubt originated from supposed purposes of health, and physical cleanliness, and afterwards became a national institution of the Jews. State when God first made circumcision the sign, or token, of the covenant between him and Abraham and his seed, and to whom the rite of circumcision and God's covenant extended. (See Gen. xvii.)

Is circumcision now essential to salvation?

Is the belief of any doctrine essential to salvation?

Verses 6-11.—Is experience of God and his dealing with us, conclusive proof of the will of God in the matters which the experience covers?

Is thorough discussion in church courts a perfectly right way to arrive at the will of God on any matter?

Were those who taught that circumcision was essential to salvation, as well as being narrow, necessarily untrue men?

What is the difference between the "yoke" of the law and the "yoke" of Jesus?(v. 10.)

Verse 12.—Recall some of the wonders done through Paul and Barnabas, among the Gentiles, and say what bearing they had upon the dispute concerning circumcision?

Verses 13-21.—Who was James, who next addressed the council?

James, the brother of Jesus, was the president of this council; it is probable that his address was of the nature of the judgement of the council on the question?

Verses 22-29.—There seems to have been no formal motion passed by the council, but they appear to have reached an unanimous decision as outlined in the address of the president; say whether we are bound to take this decision as the voice of God.

In What particulars is the great wisdom of the council shown in settling this dispute?

Were each of the commandments given in verse 29 intended to be of the lasting obligation, or were some of them only temporary?

From whom are Christians to get guidance on all matters in this day.

Verses 30-35—There never will be a time when disputes may not occur, in the church and between individuals; how should they always be settled?

Did this trouble in the church help it or hurt it, and does God always overrule trouble, whoever may be the cause of it, for the good of his children?

Lesson for Sunday, May 30th, 1909. Believing and Doing. James ii:14-26.

Academy Wins.

The most interesting game of the series between the Bellefonte and the Academy nines was played yesterday afternoon and resulted in favor of the Academy by the score of 4-1. The two nines have now two games each. The deciding game will be played off next week. Bolton and Kline were the opposing pitchers and both did well.

Notice to Bidders and Contractors.

The undersigned will receive bids for the building of the foundation walls of the new school building, exclusive of the concrete work, up to six o'clock, Friday evening May 21st 1909. Bids to be by the cubic yard and to contain an estimate of the number of cubic yards in the wall. Bidders to find all material, using for facing all wall above ground, the sand stone of the old building. The contractor to follow acurately the plans and specifications which can be seen at the office of J. Robt. Cole, Architect, and to do all work under his direction and to meet his approval, as well as that of the building committee. The successful bidder will be required to enter into a written contract for the work, and to give bond for such sum as the Committee will require. It is desired that this work shall be completed by July 1st 1909. The Board or the Committee reserves the right to reject any and all bids.

Bidders are also requested to bid on the taking down of the old building, all material in this building reserved for the use of the board. This to be a seperate item from the bid on the building of the wall. May 19th 1909. Bids can be left with any member of the Committee. May 19th-3t.

D. F. FORTNEY,
A. C. MINGLE,
W. H. CRISSMAN

DOG SAVES MAN SINKING IN BOG

Animal Whines and Barks and Brings Rescuer to Scene.

Chester, Pa., May 17.—His attention attracted by the antics of a dog that was racing up and down the tracks of the Reading railway between this city and Eddystone, William Peet followed the animal, which was barking and whining piteously by turns. The dog led Peets to a quagmire a couple of hundred yards from the railroad tracks and there he found Harry Morrison, of Chester, stuck in the mud up to his armpits and gradually sinking.

Morrison was rescued by Peet and a couple of men who were hailed by the rescuer, being dragged out upon the bank and the mud scraped from his clothing. It was an hour before Morrison was able to tell how he had attempted to cross the bog for a short cut to Eddystone, missed his footing and went down into the mire. He shouted for help until he was unable to speak, and would have been buried alive had it not been for the dog's efforts in his behalf.

The strange part of the story is the fact that the dog does not belong to Morrison. He does not even know who the owner is, as the animal scampered away just as soon as it saw that Morrison was safe.

JEROME NOT FOR MAYORALTY

District Attorney Announces He Will Not Run For Office.

New York, May 17.—District Attorney Jerome, who has been asked repeatedly if he intended to or even thought that he might run for the office of mayor, gave his first conclusive answer. When the question was put to him he turned to his desk and wrote this:

"I am not a candidate for the office of mayor of this city, and under no circumstances will I be a candidate for such office this year.

"WILLIAM TRAVERS JEROME."

The Reading Makes Big Coal Strike.

Pottsville, Pa., May 17.—The Reading Coal and Iron company has struck seven valuable coal veins at Otto colliery, No. 2, at Branchdale. They are estimated to carry coal worth $10,000,000. This strike has been made after two years of steady prospecting. The depth of the shaft is 1208 feet below the surface.

Body of Baby Found In Suitcase.

Jamestown, N. Y., May 17.—A suitcase left in the ladies' waitingroom at the Erie station a week ago and which has remained without a claimant, was opened and found to cantain the body of a three or four days' old baby. The child was well dressed and a $10 bill was pinned to the clothing.

Bury Mother With Child She Killed.

Elizabeth, N. J., May 17.—A mother and the child she had slain, Mrs. George W. Wenke and her nine-year-and daughter, Mildred, were buried in thesame grave. Mrs. Wenke shot her child and killed herself with carbolic acid on Thursday. The woman was mentally unbalanced.

WOMEN OF HAREM REMOVED

Eigthy of Former Sultan's Beauties Taken From Yildiz Palace.

Constantinople, May 17. — Eighty women from Abdul Hamid's harem, richly dressed and veiled, were driven in carriages under the escort of four eunuchs and a troop of cavalry, from the Yildiz to the ancient seraglio palace, which has been unoccupied since about 1824. Curious bystanders were driven away from the exit of the Yildiz Palace by a guard of soldiers. Following the carriages was a train of wagons with baggage. The Yildiz is being made ready for the admission of the public. Most of the former sultan's slaves have been freed.

LARGEST U. S. FLAG

It Is 110 Feet Long and 39 Feet Wide, With Stripes a Yard Wide.

Spokane, Wash., May 17.—Mrs. Harry E. Mitchell, wife of Captain Mitchell, U. S. A., military instructor at the Washington State college at Pullman, has completed for the cadets there what is believed to be the largest American flag in existence.

It is 110 feet long and 39 feet wide. Each of the thirteen alternate red and white stripes is 3 feet wide, while the field of blue with huge white stars is 21 feet square. The flag when stretched across the front of a three-story brick building furnished a background for a full corps of cadets and officers and bandsmen, lined up in military order.

PENNSY'S GREAT SHOWING

Not a Passenger Killed During 1908 on Any Line In the System.

Philadelphia, May 17.—Reports just compiled by officials of the Pennsylvania Railroad company show that not a single passenger was killed during 1908 on any line in the system. Those injured numbered 102, a reduction of 452, or 81.6 per cent from 1907. The number of passengers travelling a distance of one mile during the year was 3,457,671,462, making 33,898,739 carried in safety to each one injured.

ASK YOUR NEIGHBORS

And you will generally find that they know of more good, intelligent people, those of good sense and discernment in your vicinity who have been cured by Dr. Pierce's World-famed Family Medicines than by all other proprietary medicines. They have been making these cures right along for over forty years and altogether likely you will easily find people all about you who will be only too glad to say a good word for them. These old reliable curatives are not exploited or urged upon the afflicted by extravagant and false promises but have a record of real, genuine cures to sustain them.

Among women Dr. Pierce's Favorite Prescription is truly a favorite by reason of its remarkable cures which, for over forty years by far exceed those which can be credited to any medicine extant. By a little inquiry you will no doubt find some of these cured and grateful cases in your immediate neighborhood, for they are to be met with practically EVERY WHERE. They are Dr. Pierce's best advertisements. Seek their advice if you are a poor despondent over-burdened broken down, weak, or pain-wracked woman, suffering from some derangement or weakness incident to your sex.

The People's Common Sense Medical Adviser in plain English, by R. V. Pierce, M. D., (new fully revised up-to-date edition) gives all particulars which women need to know about their peculiar functions and how to correct ordinary derangements and weaknesses. Cloth-bound volume of 1000 pages, 31 one-cent stamps, or in paper covers for 21 cents, post-paid. Why not send for it NOW? The New Edition is almost a household necessity. **Address: World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.**

You that are well, get this book for some discouraged, disheartened sufferer! Do a simple act of humanity! Do a simple act of humanity! Point out this way to quick and certain relief! Surprise some suffer, by first getting from me the booklet and the test. He will appreciate your aid. Sold by J. Zeller & Son.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a brick dust sediment, or settling, stringy or milky appearance often indicates an unhealthy condition of the kidneys; too frequent desire to pass it or pain in the back are also symptoms that tell you the kidneys and bladder are out of order and need attention.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills almost every wish in correcting rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. Corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root is soon realized. It stands the highest because of its remarkable health restoring properties. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

Home of Swamp-Root.

You may have a sample bottle sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper and remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Lincoln's Catarrh Balm

$500 REWARD for proof of any false testimonial herein. Lincoln's Catarrh Balm has the signed testimonials of men, stating that they were relieved quickly and cured of Catarrh, Colds Throat Troubles, Asthma and Hay Fever.

Ministers of the Gospel Recommend Lincoln's Catarrh Balm.

Rev. S. L. Messenger, Trappe, Pa.: Rev. W. G. Brubaker, Phoenxville, Pa.: Rev. J. E. Freeman, East Mauch Chunk, Pa.: Rev. D. P. Lonsdorf, Weisport, Pa.: Rev. A. H. Souillard, Lykens, Pa. and Rev. Albert Gonser, Mt. Carmel, Pa. write that they have used Lincoln's Catarrh Balm, and highly recommend it.

Catarrh, Asthma and Hay Fever Cured.

Wm. Heater, Allentown, Pa., writes: He suffered twelve years from Asthma and Catarrh, Lincoln's Catarrh Balm cured him.

John MacGregor, Bridgeport, Pa., writes That after suffering seven years with Catarrh and Hay Fever, Lincoln's Catarrh Balm cured him.

M. G. Snively, Bristol, Pa., writes: That he suffered fifteen years with Catarrh and Bronchial Tronbles. One jar of Lincoln's Catarrh Cure in his case effected a cure.

Wilkes-Barre, Pa.

Frank Kreig, Sergeant of Police, writes: That he takes great pleasure in recommending Lincoln's Catarrh Balm to his friends after using it found that it cure him of catarrh, which he had for about eight years.

Easton, Pa. October 18th, 1905.

S. H. Walter, writes: That he was cured two years ago by using Lincoln's Catarrh Balm, and has not been trouble with it since.

Pottstown, Pa., June 18th, 1909.

This certifies that I had Catarrh and throat trouble for six years. One jar of Lincoln's Catarrh Balm in my case effected a complete and perfect cure, I would not take one hundred dollars for the good it has done me.

H. J. Stringfellow.

Liver, Kidney, Bladder and Blood

The $1.00 bottle contains nearly 2½ times the quantity of the 50c size. Prepared only by the

PINEULE MEDICINE CO., CHICAGO, ILL.

Stop That Cold

To check early colds or Grippe with "Preventics" means sure defeat for Pneumonia. To stop a cold with Preventics is safer than to let it run and be obliged to cure it afterwards. To be sure, Preventics will cure even a deeply seated cold, but taken early—at the sneeze stage—they break, or head off these early colds. That's surely better. That's why they are called Preventics.

Preventics are little Candy Cold Cures. No Quinine, no physic, nothing sickening. Nice for the children—and thoroughly safe too. If you feel chilly, if you sneeze, if you ache all over, think of Preventics. Promptness may also save half your usual sickness. And don't forget your child, if there is feverishness, night or day. Herein probably lies Preventics' greatest efficiency. Sold in 5c boxes for the pocket, also in 25c boxes of 48 Preventics. Insist on your druggists giving you

Preventics

J. ZELLAR & SON.

Better Not Get Dyspepsia

If you can help it. Kodol prevents Dyspepsia, by effectually helping Nature to Relieve Indigestion. But don't trifle with Indigestion.

A great many people who have trifled with indigestion, have been sorry for it—when nervous or chronic dyspepsia resulted, and they have not been able to cure it.

Use Kodol and prevent having Dyspepsia.

Everyone is subject to indigestion. Stomach derangement follows stomach abuse, just as naturally and just as surely as a sound and healthy stomach results upon the taking of Kodol.

When you experience sourness of stomach, belching of gas and nauseating fluid, bloated sensation, gnawing pain in the pit of the stomach, heart burn (so-called), diarrhoea, headaches, dullness or chronic tired feeling—you need Kodol. And then the quicker you take Kodol—the better. Eat what you want, let Kodol digest it.

Ordinary pepsin "dyspepsia tablets," physics, etc., are not likely to be of much benefit to you, in digestive ailments. Pepsin is only a partial digester—and physics are not digesters at all.

Kodol is a perfect digester. If you could see Kodol digesting every particle of food, of all kinds, in the glass test-tubes in our laboratories, you would know this just as well as we do.

Nature and Kodol will always cure a sick stomach—but in order to be cured, the stomach must rest. That is what Kodol does—rests the stomach, while the stomach gets well. Just as simple as A, B, C.

Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 2½ times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

Sold by all Dealers. K1L

MENELIK'S GRANDSON WEDS

Thirteen-Year-Old Prince Marries a Seven-Year-Old Princess.

Addis Abeba, Abyssinia, May 17.—Prince Lidj Jeassu, aged thirteen, the grandson of King Menelik and heir apparent to the throne, was married to Princess Romanie, aged seven, the granddaughter of the late Emperor John and niece of Empress Taitou. The marriage is of great importance politically, as it unites the two dynasties and the families of powerful chiefs.

WOMAN CELEBRATES 106TH BIRTHDAY

Mrs. Wonderley Observes Event in Methodist Home.

Philadelphia, May 17.—A birthday party is being held at the Methodist Episcopal Home for the Aged in this city today to celebrate the 106th anniversary of the birth of Mrs. Elizabeth Wonderley, the oldest resident of this city. Her health is excellent, and she retains the use of every faculty. Ice cream and cake has been provided in abundance, and there are flowers and music. The youngest resident at the home at the present time is sixty-five years of age.

The centenarian is the daughter of Edward Wright Walker, a soldier in Washington's army, who lost his left arm in a battle in which Washington was in command. Mrs. Wonderley referred patriotically and proudly to the fact. Mrs. Wonderley was born May 17, 1803, in Smyrna, Del., and she married Alfred Wonderley in 1848. She had one son born in 1850, who is now dead. She is a member of the Ebenezer Methodist Episcopal church in this city.

MIDDIES COVER ARMY MONEY

$3000 Bet on the Annual Base Ball Game.

Annapolis, Md., May 17.—A check for $3000 was received from the army cadets as their bet on the West Point team in the annual base ball game with the midshipmen, which will be played at West Point on May 29. By the customary pool among the members of the brigade of midshipmen the amount is said to have been a little over-subscribed and the wager covered at once.

POSTAL CLERKS IN SESSION

Penna. Branch of United Association Met In Harrisburg This Morning.

Harrisburg, Pa., May 17.—The annual convention of the state branch of the United Association of Postal Clerks began here this morning. The delegates number several hundred and represent most of the counties of the state. They were welcomed to the city by state, federal and city officials and will remain in session several days.

ASYLUM GUARD NOW INSANE

Had Been For Twenty Years Attendant Upon Lunatics.

Elgin, Ill., May 17.—James Dougherty, for the last twenty years a guard and employe at the Northern Illinois Insane hospital, has been taken to the institution as an inmate. Perfectly sane, according to physicians at the hospital, Dougherty left the institution two months ago on leave of absence.

Bled to Death In Jail.

Trenton, N. J., May 17.—Dr. Reuben Thompson, who was sentenced to the state prison nine years ago from Red Bank to serve eighteen years for malpractice, bled to death at the institution from a hemorrhage. Dr. Thompson was paroled by the board of pardons recently, but refused to leave the prison unless granted a full pardon.

If your Stomach, Heart or Kidneys are weak, try at least a few doses only of Dr. Shoop's Restorative. In five or ten days only, the result will surprise you. A few cents will cover the cost. And here is why help comes so quickly. Dr. Shoop doesn't drug the Stomach, nor stimulate the Heart or Kidneys. Dr. Shoop's Restorative goes directly to the weak and failing nerves. Each organ has its own controlling nerve. When these nerves fail. This plain, yet vital truth, clearly tells why Dr. Shoop's Restorative is so universally successful. Its success is sending druggists everywhere to give it universal preference. A test will surely tell. Sold by J. Zeller & Son.

DEFECTS FOUND IN ARMOR PLATE

"Spalls," or Blisters, Said to Have Developed.

USED ON TWO BATTLESHIPS

Some of Defects In Bethlehem Steel Did Not Appear Until After Six Months' Period of Rejection—Steps Taken to Remedy the Trouble.

Washington, May 15—It was learned that several plates of the heaviest side armor on the battleships Delaware and South Carolina have developed "spalls" or blisters. This defect was detected in a number of plates when they were first delivered and they were promptly rejected. Since then spalls have been discovered in armor already in position on the two battleships named. In some cases the spalls developed after the six months' period of rejection, and the government was powerless to turn them back.

The armor was furnished by the Bethlehem Steel company. It was treated by a new hardening process, which in the preliminary trials for ballistic strength showed remarkable resisting qualities. The defect is described as corresponding to a blister on a painted surface. Every plate so marked was rejected by the ordnance inspectors at the Cramps' shipyard, where the South Carolina is being built, and at the Newport News company, where the Delaware is being constructed. In addition to the raised spots the armor showed minor defects.

It was found that by the use of tap rivets the ugly-looking swellings could be pressed back into position and that by a careful use of cement and paint the defects could be covered up. The department made a thorough investigation. The general board passed on the question as well as the chief of the bureau of ordnance. Then a special board of experts was appointed. This board reported that, while there had been a loss of efficiency, it was not sufficient to justify the rejection of all plates affected.

In the meantime, the Bethlehem Steel company claims to have discovered the cause of the spalling and to have applied a remedy. It is said to be due to the severe treatment necessary to produce the high ballistic strength. The armor of the kind affected comes in plates weighing from fifteen to twenty-eight tons each. The value of a plate is about $12,000.

CHINAMAN KILLED SAILOR

Convicted of Manslaughter For Fatal Fight In Restaurant.

Philadelphia, May 15.—After deliberating for more than twenty-seven hours, a jury in the criminal court here found Harry Tai, a young Chinaman, guilty of manslaughter in causing the death of Michael Sank, a sailor on the United States battleship Georgia. Sank was killed on April 7 during a fight in a Chinese restaurant where Tai was employed as a waiter. During the fracas some one hit Sank on the head with a bottle.

SILVER PASS FOR TAFT

President Will Be Welcome Visitor at Boston National League Grounds.

Boston, May 15. — President Taft will be a welcome visitor at the Boston National league base ball grounds this summer. Owner George B. Dovey, of the Boston club, has designed a solid silver special pass for the chief executive, and it is expected that Mr. Taft will attend some of the games while staying at his summer home in Beverly.

Heinze Again Indicted.

New York, May 15.—A new indictment has been found by the federal grand jury against F. Augustus Heinze, the copper king, who was president of the Mercantile National bank at the time of the panic. The latest indictment charges Heinze with taking sums from the bank aggregating $2,250,000 between March 14 and Oct. 14 and misapplying them to his own use and benefit.

Will Raze Fort Severn.

Washington, May 15. — Old Fort Severn, at Annapolis, Md., is to be demolished. Assistant Secretary of the Navy Beekman Winthrop has decided upon this step, because it is not a remarkable piece of architecture and stands obtrusively in the reservation of the United States naval academy close by the beautiful Bancroft hall.

Girls Swept Over Big Dam.

Charlestown, W. Va., May 15.—Miss Edith Ault, aged seventeen years, and Miss Casebolt, aged fourteen years, were drowned at Hansford when their skiff went over the government dam.

Gov. Johnson Calls on President Taft.

Washington, May 15. — Governor John A. Johnson, with a party of his friends from Minnesota, called at the White House today to see President Taft.

The Weather.

Forecast for this section: Unsettled weather, with showers and thunder storms, today; tomorrow, showers; light to moderate variable winds.

FINDS DIAMOND IN CIGAR

Two-Karat Gem Spoils Deleware Man's Smoke.

Milford, Del., May 17.—Wesley J. Satterfield, a liveryman, was smoking a cigar, when it suddenly refused to burn on account of some hard substance hidden in the wrappers. Satterfield tore the tobacco away from idle curiosity and was astonished to find what looked like a piece of glass.

A jeweler informed the lucky smoker that the substance was a two-karat diamond of good grade and easily worth $150. It is supposed that the cigarmaker lost the setting of his or her ring while rolling the tobacco in which Satterfield found the gem.

BATTED BALL KILLS PLAYER

Leander Holmgreen, of McKeesport, Hit Over Heart.

Washington, Pa., May 17.—The first base ball fatality in this section occurred here when Leander Holmgreen, of McKeesport, Pa., was struck over the heart by a batted ball and died almost instantly.

The accident happened during the practice of the team to which Holmgreen belonged. The man was about to catch a ball thrown to him, when he was hit by a ball batted by another man.

WOULD PROBE THE SOCIALISTS

Secretary Knox Receives Petition From Independent Americans.

CHARGE THEM WITH TREASON

Petitioners Allege Socialists Are Trying to Produce Race Hatred and Are Using the Mails to Force the Army and Navy to Mutiny—Declares Effort Is Being Made to Overthrow the Churches and Teach "Free Love and Polygamy."

Washington, May 14.—Secretary of State Knox today received a petition from members of the board of officers of the state council of Pennsylvania, Order of Independent Americans, demanding that the government investigate accusations alleged against the Socialists now resident in the United States as contained in a recent publication. The petition will be supplemented by personal representations to Secretary Knox by those interested.

Expressing the belief that the allegations warrant government interference, the petitioners ask that if they be found true steps be taken to suppress them, and that all those engaged therein be adjudged guilty, whether it be of treason, insurrection or unlawful interference with the affairs of good government.

Charges Against Socialists.

The petitioners call attention to allegations made in the publication referred to that in case of war between America and a foreign power, the Socialists are pledged to engage in anything which may terminate such a conflict even to causing a general strike and insurrection against the government; that they are contributing towards the printing of literature to inflame people against our government; that they are trying to produce race hatred; that the mails are being used by the Socialists with the hope that it will force our army and navy to mutiny and advocating a powder and shot revolution; that immoral, obscene and debasing literature is contained in Socialist books; that an effort is being made to overthrow the churches of the country and that they are trying to teach the young of our country "free love and polygamy."

Among other allegations are that the Socialists are trying to make school teachers Socialists so that they shall disseminate falsehoods among school children; that in every war in which this country has engaged has been for commercial gain, and that Washington and other representative Americans were only great because they sought graft and personal honor.

Elevator Constructors Vote to Strike.

Philadelphia, May 14.—Members of the International Union of Elevator Constructors met here and decided to strike unless their demand for a half holiday on Saturdays was granted by their employers. The agreement under which they have been working expired on May 1. It called for a week of forty-eight hours at $24 a week. Members of the union now ask a week of forty-four hours at the same wage.

High Price For Pew Next Mrs. Taft's.

Washington, May 14.—Mrs. Frank B. Vrooman, daughter of General John C. Black, of the civil service commission, has paid $3000 for a pew next to that occupied by Mrs. William H. Taft in St. John's Episcopal church, this city. The church authorities state this is the highest price ever paid for a pew in that edifice.

Bill to Purchase C. & D. Canal.

Washington, May 14.—A bill providing for an appropriation of $2,515,000 for the purchase of the Chesapeake & Delaware canal was introduced by Representative Heald, of Delaware. In the event of the purchase of the canal the sum of $100,000 is appropriated for its maintenance.

MR. ROOSEVELT ON TOLSTOY

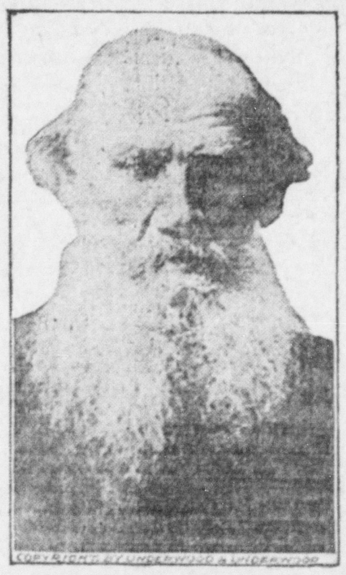
Declares Russian Writer Sways Only Feeble Folk.

ECHO OF PRESIDENTIAL FIGHT

Ex-President Combats Tolstoy's Statement That Bryan Represented the Party of Peace and Points to Plank In Democratic Platform Demanding Exclusion of Asiatic Laborers.

New York, May 14. — Ex-President Roosevelt in the current number of The Outlook combats the statement credited to Count Leo Tolstoy that Bryan represented the party of peace in the last presidential campaign. On this point Mr. Roosevelt says:

"Now, there was but one point in the platform of either political party in 1908 which contained any element of menace to the peace of the world. This was the plank in the Bryan platform which demanded the immediate



COUNT TOLSTOY.

exclusion by law of all Asiatic laborers, and therefore of the Japanese. Coupled with this was the utterly meaningless plank about the navy, which was, however, intended to convey the impression that we ought to have a navy only for the defense of our coasts; that is, a merely 'defensive' navy, or in other words, a quite worthless navy."

Discussing Tolstoy the ex-president expresses the opinion that the Russian writer has "swayed or dominated only the feeble folk and the fantastic folk," and that his influence over "men of action" has not been great.

"Strong men may gain something from Tolstoy's moral teachings," declares the ex-president, "but only on condition that they are strong enough and sane enough to be repelled by those parts of his teachings which are foolish or immoral."

PURE FOOD BILL A LAW

Governor Stuart Signs Measure Which Permits Use of Benzoate of Soda.

Harrisburg, Pa., May 14.—Governor Stuart signed the Murphy pure food bill, which was designed to take the place of the Tustin act, declared unconstitutional by the superior court a few days ago.

The bill was presented by Senator John T. Murphy, of Philadelphia, on Feb. 1 and was the object of one of the bitterest contests of the whole legislative session. In a general way it make the food law of the United States the law in this state except that it prohibits the use of alum, alum compounds, nitrous acid, compounds of copper and various other chemicals. The use of benzoate of soda and sulphur dioxide in ketchups and dried fruits and syrups is permitted in small quantities provided notice is given on the label.

The act also contains a guarantee feature in that a retailer arrested for the sale of adulterated or misbranded food products or foods may be exempted from prosecution upon presentation of a guarantee from the person or firm from which he bought the goods that the product complies with the state law. There can be no exemption, however, in case of a second arrest.

The dairy and food commissioner is charged with enforcement of the act and the penalty in each case is a fine of from $60 to $100.

Sets Eating Record For Jersey.

Red Bank, N. J., May 17.—Charles Ely, of Allentown, probably is the champion eater in New Jersey. He ate nine plates of ice cream, five pies and a dozen bananas in less than an hour and then bet he could eat a large pie in forty-five seconds. Nobody took the bet.

Canoe Capsized; Two Drowned.

Rochester, N. Y., May 17. — While canoeing in the Genesee river, J. Louis Minges, twenty-eight years old, and his sister, Carrie Minges, thirty years old, were drowned.

Southern Baptists to Meet In Baltimore.

Louisville, Ky., May 17.—Baltimore was chosen by the Southern Baptists as the place for holding the next annual convention, which will open on May 14, 1910.

Forestry Plan of the P. R. R.

The Pennsylvania Railroad is planning to set out this spring more than 1,000,000 trees. This will make a total of 3,430,000 trees which have been planted in the last three years to provide for some of the Company's future requirements in timber and cross ties. This constitutes the largest forestry plan yet undertaken by any private corporation.

Heretofore the Company's forestry operations have been confined to a limited area between Philadelphia and Altoona. This year however, 65 000 trees are being set out on tracts of land near Metuchen and New Brunswick, N. J. In addition, there are to be planted within the next month 207,000 trees near Conewago, Pa., 186,000 in the vicinity of Van Dyke, 334.000 at Lewistown Junction, 7,000 at Powelton, and 205,000 at Denholm.

The bare places in the locust tree plantations, which were started some years ago, are being filled in with tree seedlings, in order that these may follow as a second growth after the older trees have been removed for fence posts and other purposes. Of the trees that are to be set out this spring, 893,000 are red oak, 40,000 Scotch pine, 29,000 locust, 14,000 hardy catalpa, 14,000 pin oak, 5,000 European larch, 10 chestnut, 3,000 yellow poplar, 2 000 black walnut, and 1,000 white pine.

The policy of encouraging reforestation on the part of the public has been actively pursued this spring. Some 151,000 trees have been furnished practically at cost, to private corporations and individuals. In addition, 8,000 privet hedge plants have been supplied to private individuals. Privet hedge plants to the number of 7,000 are to be set out to ornament boundary lines along the Company's right of way.

A special effort has been directed this season to growing ornamental shrubbery for use in parking the lawns around stations and occupied spaces along the roadway. To save the time required to grow these from seed 6 000 plants have been imported from France. They will be placed in beds, at the Company's nursery at Morrisville, N. J. Part of them will be ready for transplanting next year, and the remainder in 1911.

Indicative of the scope of the forestry plan of the Company this year is the fact that at the Morrisville nursery alone approximately 1,250,000 trees have been dug, bundled, and shipped to places along the railroad. The area occupied by these trees has been plowed, fertilized and is to be re-planted with about 200 bushels of acorns. Half a million coniferous seedlings, which were grown last year, are being set in trans-plant beds to remain for a year before being set out permanently. In addition to the above, there will be planted this spring about 100lbs. of pine and spruce tree seed, which should produce about a million plants. These in time will be transplanted in permanent locations.

A Great Tented Show.

There is no tented aggregation complete with a neglected menagerie. Neither can a menagerie be considered complete when the collection consists solely of an assemblege of animals with which every one is familiar. It is the exhibition of rare members of the animal kingdom and the non-duplication of specimens that makes a zoological collection, one to be considered. With the Cole Brothers' World Toured Shows which will be here Wednesday May 26, the menagerie is a feature and the collection, one that students of natural history are unanimous in declaring to be the finest in this country.

During the past winter, nature has dealt generously with animal parents connected with this show and the families being raised, are many. Lion and tiger cubs, mischievious baby monkeys, long legged nursing camels, beautifully spotted leopard babies, frolicsome infant polar bears, and last but not by any means least, the most admired member of the menagerie, "Mite" the playful little baby elephant, are all natural additions to the menagerie since last season and no better opportunity ever offered itself to study the domestic side of animal life than in this collection.

"Mighty Mary" that towering queen of the elephant world, heads the collection of pachyderms and this mass of flesh, bone, muscle and ivory is beyond all doubt the largest elephant ever placed on exhibition. In every way she is much larger than the late "Jumbo." The giant camel, the only black camel known to be in existence, divides honors with "Mighty Mary" and leads the droves of camels and other long haired hay eating animals. There are over one hundred animals in the Cole Brothers' collection and they represent the denizens of forest, mountain, plains and deserts of every explored portion of the globe.

A Card

This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar fails to cure your cough or cold. It stops the cough, heals the lungs and prevents pneumonia and consumption. Contains no opiates The genuine is in a yellow package. Sold by C. M. Parrish.

If you are a sufferer from piles, Man-Zan Pile Remedy will bring relief with first application. Guaranteed. Price 50c. Sold by C. M. Parrish.

When you buy a package of TALCUM POWDER always look for this design on the package. It means that you have . . . . .

The new Regal Oxfords shown at our store are the same styles that are in great demand right now among fashionable college men and young business men in the metropolitan centers throughout the country. Every well-dressed man in town who wants his shoes to be correct in each detail of style should have a pair of these handsome Regal Oxfords.

Besides this, Regals are the most *comfortable* shoes you can wear, and the best-fitting—because they are the only shoes in the world made in *quarter-sizes*.

Every one of our Regal styles is an exact reproduction of an exclusive custom model. If you once wear Regal Shoes, you will *always* wear them.

$3.50 $4.00 and $5.00

BRIEF MENTION

Short Items of Local Interest Gathered By The Way Side

—Miss Mary Brockerhoff entertained with four tables of bridge Monday night.

—The unsightly piece of yard back of the Bush House along the creek has been neatly sodded and flower beds made and it is certainly a great improvement.

—The house of Mrs. Breeze well known here who lives at Downingtown, Pa. was robbed a couple nights ago and a lot of old and valuable silver taken.

—Charles Koontz has opened up his store next to Henry Klines shoe store. He has a nice little store and handles confectionery, cigars, tobacco, ice cream cones and fruits.

—The religious work committee will meet at the Y. M. C. A. Friday night at 6 o'clock for lunch and talk over the religious work for the summer, some good meetings are being planned for.

—Hon. Thomas H. Murray, of Clearfield, has issued invitations to the marriage of his daughter Helen, to Axel Wilhelm Leonardson, to take place at Trinity M. E. church, Clearfield, at 12:30 on the afternoon of June 2.

—The New York Central railroad has decided to make a charge for all dogs that are carried over the road, either with or without owners. The minimum charge will be the same as the excess charge for 100 pounds of baggage.

—Hampton's magazine for June is out and certainly is a fine one with its rich carmine and gold cover with the Billiken in the centre, the little smiling god that is at present setting the cities in a furore and which will arrive in the country districts next year.

—Mr. and Mrs. J. Mac Curtin, of Pittsburg, are rejoicing over the arrival of a little son at their home on Monday. Their friends in Bellefonte will be glad to hear that both mother and babe are getting along nicely. The boy has been named Andrew Gregg Curtin.

—Mr. Geo. T. Bush received through W. Miles Waker, Agent for the Company of the United Surety Co. of Baltimore, a check for two weeks partial disability for the injury he received to his knee a couple weeks ago the claim was mailed on the 13th. A very commendable record indeed.

—The sodding that has been done by the various residents along Allegheny street has certainly made it a very pretty street and it is hoped other property owners in various principal streets of the town will do likewise and have our pretty borough a thing of beauty for the influx of summer visitors which will soon begin.

—In a heavy wind storm at Corry on Friday night the big top of Coles Bros. Circus which is to show here on the 26th was blown down and partly wrecked and the big elephant Queen started a stampede and had to be carefully guarded for hours with spears and rifles ready for instant use to save the loss of life that would ensue.

—The first cross country run was participated by quite a number of young men Monday night under the directions of Dr. Weston. The runners started from the building and ran up Allegheny street to the fair grounds and returned by the pike a distance of about two miles. The next run will be Friday night a distance of 4 miles.

—Mr. W. L. Daggett the genial proprietor of the Bush House is busily engaged fixing the reading room and lavatory back of the office with new carpets, linoleum and fresh paint and has had erected a near desk for the typewriter in the main office back of the office desk. He contemplates repainting and repapering the main office in the very near future.

—State added another wreath to her Track athletic records by defeating the fine Swarthmore track team in the first intercollegiate meet on the new athletic field on Saturday afternoon by the score of 63 to 41 points. The fine weather and track made possible the breaking of two records, Eberle of Swarthmore breaking the 220 hurdle in time of 25 2 5 sec. and Watts of State the two mile record in time of 10 min 16 sec.

—An exciting game of baseball was played at Lewisburg between the State College end Bucknell University and was hotly contested and exciting for the whole twelve innings which it took to play the game. State scored two runs the first inning and Bucknell two the second inning, when Lynch the State pitcher was removed and Bucknell never scored again. State batted out two runs in the twelfth and won the game. The next contest will be on Beaver field the 12th of June and promises to be another warm one. Considerable money was wagered between the students of the two Colleges on the results and Bucknell are now sadder and wiser people.

—The Snyder Bill just signed by the Governor raises the price of a marriage license from 50 cents to $1 00.

—The curb market will open Saturday May 22 any will be open each following Tuesday, Thursday and Saturday.

—Bridge parties seem to be all the go around the town for the last week or so, there having been five held within the last six days.

—A freight wreck occurred in the Bald Eagle Valley Railroad Thursday morning by which six cars were derailed. As a result passenger traffic was delayed one hour.

—We hear it is rumored that Hon. W. C. Lingle, of Bellefonte, contemplates moving back to Patton, presumably to engage again in the coal business, says the Philipsburg Journal.

—Kid Pilkington, and his class of pupils in physical culture took a six mile run on Thursday evening to the station at Milesburg and back. The time it took was 46 minutes. He is getting the boys ready for the coming race this summer.

—Miss Nellie Solt who was operated on at the Bellefonte hospital for appendicitis, on Thursday morning is getting along as well as can be expected. Nell is a very obliging telephone girl, and will be greatly missed among her friends, while off duty. Her friends wish for her a speedy recovery.

—While oiling his engine on Monday evening John A. Krebs, engineer at the electric light works, got his oil can in the large fly wheel and it was thrown with such violence that the spout cut a large gash in his hand. The wound was a very painful one but Mr. Krebs is getting along in as good shape as possible.

—Landlord H. S. Ray, of the Brockerhoff house, has leased the lot in the rear of the Benner residence and is having the same leveled and sodded to be used as a park and playground for his children, Sarah and Phil. A tent will be erected and swing and other amusements installed on the ground so as to make it quite an attractive place for the little ones.

—W. D. Crosby, Esq., and son Harold, returned last evening from a trip of two or three days to State College and Williamsport, going to the former place to look up matters with a view of the latter's entering the college there in the fall and to Williamsport with the thought of taking a business course this summer at the Commercial College.—Philipsburg Journal.

—On Wednesday afternoon, about 4 o'clock, Mrs. Henry F. Bartley, who is 77 years of age, was just putting on the finishing touches to house cleaning when she fell from a chair and dislocated her left shoulder. She was up on the chair cleaning back of the stove when it slipped, throwing her against the stove and then onto the floor. While it is very painful it is thought she will get through all right.

—By an act of Assembly approved May 12 1909, the act of April 25 1907 authorizing constables of boroughs and townships to act as fire wardens has been repealed, no bills therefore will be paid for extinguishing forest fires by constables or under their authority or by their directions after May 12, 1909. It is the wish of the department at Harrisburg and also of the County Commissioners that all the constables and fire wardens take notice of this matter.

—It is with a feeling of regret that we have to announce that grocerymen E. T. Roan, who for years had been one of our most progressive business men, has been compelled to make an assignment for the benefit of his creditors. This took place on Friday, and the store on Bishop street is now in the hands of Fred Musser, business manager for Lauderback-Barber Co., who perhaps are the largest creditors. The liabilities are between $3000 and $4000, while the assets is placed at between $2000 and $2500. Mr. Roan will remain at the store until everything is sold. W. Harrison Walker, Esq., represents about eighty percent of the claims. The failure of Mr. Roan can only be attributed to his leniency with those who dealt with him. He trusted and the other fellow forgot to pay.

—The Hospital Ambulance benefit on Friday evening May 21, promises to be one of the best entertainments from local talent that has been held in this town for years, the house promises to be crowded and it is a foregone conclusion that they will be pleased. Some of the fine amateur talent from State College has consented to help fill up the programme and their last show in the Opera House showed they have some very good talent. The committee having it in charge should sell many more tickets than just what the house will hold as many will buy that will not use them and then they should come early or engage their seats early to be sure, as there will be no money returned that is certain. And nobody will want it returned as it will take a thousand tickets to buy a first class ambulance and Bellefonte will not be satisfied with any thing else as the people are going to get busy now and give us a first class hospital, one that the rest of the state can look up to. So everybody buy tickets and plenty of them. It is for a good cause, don't turn down the hustling committee that have it in charge.

—On Saturday the Academy boys play at Huntingdon against Juniata College and on Monday at Indiana against the Indiana Normal team.

—C. W. Reef, a salesman of Philadelphia, succeeded in landing four nice trout, Tuesday, the largest 18 inches and the smallest 9½ inches.

—The ladies will have ice cream cones and home made candy for sale at the opera house on Friday night, bring your small change and eat between acts.

—The Story of the Watermelon Patch in Hampton's for June is the wonderful making by James J. Hill of $400,000,000 out of wind in only 27 years in handling the Great Northern Railroad it is certainly interesting reading.

—A. A. Dale Esq., has been selected to deliver the Memorial Address at Rebersburg this year. Mr. Dale is an eloquent speaker and we can assure the people of Rebersburg a rare treat when they listen to Mr. Dale. The Memorial Day exercises at Rebersburg will be held on Saturday May 29th.

—The Board of Water Appeals met Tuesday evening in the council rooms and heard a great many complaints from the property owners but the assessment and the notices had things pretty well mixed up especially for the larger taxpayers due care not having been made in making the assessment resulting in the tangle that ensued and which could not all be straightened out.

—On Tuesday a committee of Lock Haven Elks came to Bellefonte in automobiles and inspected the Masonic Temple and Elks home in this place. They are contemplating either buying or remodeling their home in Lock Haven. In the party were associate Judge W. S. Harris, E. B. Reilly, Jas. H. Krom, Ed Becht, Sedgewick Kistler, J. A. Simon, George Cramer and Stewart Lowry.

—A few members of the Commandery of Knights Templar in this place will attend the Annual State Conclave in Phila. the fore part of next week and later the election of the officers of the Consistory of 32 Masons in Williamsport. It is thought the Patton Home Memorial committee will also be here the latter part of that week looking over the various sites offered for the location of the home. We hope Centre County will look good to them as the million to be expended would be a great thing for the county.

—Dr. J. E. Ward, the dentist, was notified by telegram Tuesday afternoon, that his brother, J. Allen Ward, who lived in Salina, Kansas, was dangerously ill from the effects of a stroke of apoplexy. Wednesday morning another telegram was received announcing his death. The Doctor departed on the 1.05 train Wednesday for Salina to take charge of the body. J. Allen Ward has been teaching in Kansas for the past thirty years. He was a bachelor. Doctor Ward could not tell how long the sad occurrence will keep him from his office here, and cannot tell till he arrives at Salina just where the burial will be. If he can bring his brother to Pine Grove Mills for burial he will be absent from his office about a week.

—The State College had a pretty large chop made in their appropriation by the Governor from $774,974 to $530,999 which will hamper them somewhat in their progressive work planned, but it only means a larger onslaught on the next legislature, as it is a purely state institution, the only one in the state for higher educational purposes which does belong to the commonwealth. There is no stopping of it now, the great work it has done and is doing will go on. The people of the state have begun to realize its valuable work which has added millions to the value of state property through its educational farm work and the value of the knowledged gained by its graduates that hold the high positions of trust etc. over the state. Two years ago the appropriation was 463,530.

BRIDE AND GROOM SLAIN

Mystery Enshrouds Killing of Newly Married Couple.

Portland, Ore., May 19. — Information has reached here of the finding four days after their marriage of the bodies of Louis H. Worley and his bride at their home near Princeville, Ore. Mrs. Worley's charred body was found in the barn with a bullet hole in the temple.

Whether Worley committed suicide or whether the couple were the victims of a double murder has not been decided.

MRS. TAFT'S ILLNESS SLIGHT

Is Recovering From Her Nervous Breakdown.

Washington, May 19. — Mrs. Taft, who suffered a nervous breakdown on Monday, is much improved. After the call of Dr. Delaney, the president's family physician, at the White House it was announced that the president's wife had rested comfortably and was much better.

Newspaper Man Governor of Alaska.

Washington, May 19. — President Taft sent to the senate the nomination of Walter E. Clark, a Washington newspaper man, as governor of Alaska, to succeed Governor Hoggatt, resigned.

PERSONALS

Short But Newsy Personals of Those Who Come And Go.

Our genial friend Jim Munson of Philadelphia is a court attendant this week.

Miss Nettie Bair returned Friday from Centre Hall where she had been visiting friends.

Mrs. F. W. Crider and daughter, Miss Mary are enjoying a two weeks so journ at Atlantic City.

Former County Commissioner C. A Weayer, of Coburn, transacted business in town Saturday.

Misses Julia and Marde McDermot departed Sunday evening for a visit to friends in Lock Haven.

Mr. and Mrs. Charles Harrison, of State College, visited among their Bellefonte friends this week.

Mr. F. H. Reynolds of Scranton, is spending several days last week with his brother, W. F. Reynolds.

Dr. J. W. Dunwiddie, the well known Philipsburg, physician, was in attendance at court Tuesday as a witness.

Fred Blanchard of Chicago, Ill,, was a Bellefonte visitor Tuesday between trains while on his way to New York City.

Miss Helen Williams, the stenographer in the office of McCalmont and Co., is away on a ten days vacation at Atlantic City.

Lawrence Redding, proprietor of the Mountain House at Snow Shoe, was a business visitor in our little city Saturday.

Mrs. George Grimm has returned home from a four weeks visit to friends and relatives in the western part of the state.

Mr. and Mrs. Howard Ruger and little son, left the beginning of last week for a visit with his relatives at Jamesville. Wis.

Mrs. Eva Strong of Lock Haven departed for her home Thursday after a short visit with Mrs. Sheldon on Linn street.

Mr. and Mrs. McGuinness, of Indiana, Pa., are visiting the latter's parents, Mr. and Mrs. James Schofield, of South Thomas street.

Mr. Lewis Weizel who formerly lived here and ran the machine shops opposite the Spring but who now lives in Toledo is a visitor in town.

Carl Motz, of Woodward, lumberman and Republican leader of Haines township, has been transacting business in Bellefonte this week.

L. T. Munson, manager of the Pittsburg office of the Bickford Fire Brick Company, was an over Sunday visitor at his home in this place.

George T. Smull, of Smullton, although a very busy man, found time to greet his Bellefonte friends one day the latter part of this week.

Mrs LeRoy Fox and little daughter of Lock Haven, are visiting at the home of her parents, Mr. and Mrs. Henry Haupt of South Allegheny street

Mrs. Cyrus Labe and little daughter, accompanied by Mrs. Labe's mother, Mrs. George Lose left Thursday for the former's home in Altoona.

Mr. and Mrs. Maurice J. Runkle departed Friday for their home in Coatesville, after spending some time visiting friends and relatives in this place.

Nelson Robb the genial general solicitor of the American Union Telephone Co. left for his new home in Harrisburg after a short visit to his mother and brothers and sisters here.

George F. Tobias who resided here and painted for E. J. Eckenroth several years ago but who now lives in Chicago passed through to his old home at Millheim to attend the funeral of his uncle.

Henry Kohlbecker, the popular landlord of the Central Hotel at Milesburg was a pleasant caller at the Republican office while in town on Thursday. Before leaving he helped us out financially by advancing his subscription to the Republican a year ahead.

Mrs. John Sommerville was the guest of Miss Mary Hunter Linn several days in the beginning of the week, leaving for home on Wednesday noon. Mr. and Mrs. Sommerville moved the 1st. of April from Winburn to Roberstdale Huntingdon county where he has opened up new coal operations.

Mr. David Washburn chemist for the Bellefonte Furnace Co. for the past two years, until the furnace closed down recently, left for his home at White Haven Friday morning. He expects to spend a few days with his parents, and then leave for Cheyenne, Wyoming to visit his sister. From there he returns to Pittsburg where he has secured a position.

Dimeling and Meyer Recommended.

Hon. George M. Dimeling of Clearfield and Hon. J. C. Meyer, of Bellefonte, are among the number recommended to Dr. Nathan Sheffer, as State trustees of the Lock Haven State Normal school. Dr. Shaffer will select three of the six gentlemen named.

THE HOSPITAL.

The Fine Work It is Doing and the Opportunity for Some to Perpetuate their Name.

We are sorry to have to announce that the Governor has cut the building appropriation for the Hospital from twelve thousand to six thousand dollars thus thwarting the plans of the board of managers and putting the much needed additional building back for several years and it is certainly the necessity more than ever for some of the monied people of town to put on their thinking caps and aid this great and needed charity. This is the opportunity for those who wish to endow, to do so; come forward with fifty thousand and build the building and leave the name of some of their beloved ones be handed down to posterity, nay, a hundred thousand dollars would be much better and then possibly the Board of Managers would take a look at changing the whole name of the institution and make it like the well known Packer Hospital of Sunbury, the pride of that section of the state, all builded and endowed and presented to the people by Mrs. Packer in memory of her husband, who was one of the progressive citizens of the town. To many people in this place the amounts named above would be a mere bagatelle to their fortunes and their need of large income.

Our good citizen who so lately departed, made the first bequest, namely James Harris left in his will two thousand dollars for the Hospital to go to them after the death of his wife. That was the first small seed sown, let it grow to a great oak. They can use and easily two hundred thousand dollars out there. They need more land to keep the envirements clear, and for gardening, and ground purposes for the convalescents. The grounds need grading and the corporation needs endowments for the support of the wards, buildings and many minor purposes, for scholarships for the nurses and pest houses and minor buildings and other things to numerous to enumerate. So many of the local hospitals of the state have received endowments from their wealthy citizens, but we have only one to record for this one, so far, and it does look to the shame of Bellefonte, as wealthy a town as this is well known to be, that there is practically nothing to its credit, in that line, as yet, for any thing of any nature, let alone the great need of the most useful and humanitarian thing of it all, The Hospital. ACT NOW, don't wait until you die, see the great deed culminated while you live and receive the enconiums of your neighbors while you live, and enjoy the pleasure, the sight of this great gift would be, to know what you had done for humanities sake. It is worth while and would be a gracious act not only to yourself but to posterity. Think hard citizens and act now the money is here and in plenty, though you would not think so from the business mans stand point, yet it is a literal fact never the less. This is not an appeal to the town alone there is the same opportunity for all in the country. It is a county affair. They receive the benefits. How many lives have been saved to many in the county, but the facilities are better here at the county town, for it in every sense, and it can be located at only one place, so you see it is not purley a local affair. About half the cases are from outside the borough limits. Let each community get busy as one or two already have. It must have support and needs contributions for proper maintenance as well as the endowments for other purposes. Do it now, every body acting, no matter how small or large, would give us the finest in the state, so act.

The Hospital, as young as it is, is making an enviable record in the state already, and is being looked up to in many places for the fine surgical work that is being accomplished there and the very low mortality record, part of which credit should go to the nurses, of which they have a fine corps of enthusiastic workers under the efficient head, Miss Calderwood. There have already been successfully accomplished at the hospital operations that have as yet been done in but one or two places in the United States, and which is already making records in the medical journals through out the country. The interest our home physicians are taking should receive the highest praise of our citizens and the hospital should receive the united support of the county. Out of the 25 beds in the hospital 24 are filled, and the only one waiting is one of the private association wards and that is engaged we understand and some are on the waiting list, and yet a couple of years ago when the new addition was built it was thought room had been made for years to come. In the new addition planned it is hoped to be able to make sixty beds of which the state appropriation will pay but about half the cost of the building and it is thought it will be large enough; but mark our works, that within a couple of years after it is finished, the same trouble will be, that it is overcrowded, and more room must be made. Why wont some of our citizens do like has been done in Chester county, for instance an interest was taken and soon the hospital was in receipt of several valuable bequests in a couple of cases enough to build a whole addition to which the donor named or had the privilege of naming after some beloved member of their own family. With all the wealth we have in our town and some of it without direct heirs why don't they get busy and donate a ward building and see it completed before they die and have it named after some departed member of their family thus perpetuate the name down to ages, and so not let them be forgotten as all so soon are, unless something of that kind has been done and made their memory remain forever. The fine Chester County hospital has nearly all been built by such bequests both large and small all going to make up some part in the building and its furnishings or an endowment to keep some ward or room equipment up. What worthier charity could be had than that. Wake up citizens get proud of your hospital and its amazing and successful growth and help those who are already doing so well with your means. The wealth is in this town and lots of it with no direct heirs, why not make a name for yourself that will remain long after your mortal remains will have become as the clay of the earth. Do it now, do not procrastinate, delays are dangerous, even a thousand dollars endowment for a ward will go a great ways and ten thousand will erect a building to make your name imperishable, have a pride in it, if it cannot be perpetuated in any other way, that will do it, in a way that can never become a disgrace to the name. Think it over you citizens and citizenesses who have the means. You will not miss it and think of the great good you will do and the lasting benefit you will confer on the community. Make a minature Carnegie out of yourself, the money you leave behind will only be quarrelled over anybow. There are many things needed out there, all will be acceptable, so get your thoughts together and do it Seriously and Act.

OUR BORO FATHERS.

Their Regular Semi-Monthly Session Monday Night.

The regular semi-monthly session of the Borough Council was held on Monday evening at 7:30 with President Judge in the chair and the following members present: Yeager, Grimm, Beezer, Musser, Sheffer, Harper and Kirk.

The minutes of the previous meeting were read by clerk W. T. Kelly and there being no corrections they stood approved.

Chairman Harper of the Street committee reported various repairs to streets and alleys.

Chairman Kirk of the Water Committee reported that they had investigated the Swing Factory's complaint in regard to damage by water, at their factory and could find nothing in it. They believed that the damage was caused by surface water.

Dr. Kirk called attention of council to the fact that some of the plumbers are making connections with the water lines without permission of council. There is a fine of $25 for such action and plumbers are to be notified that in the future they will be prosecuted for such action.

The bad sanitary condition of East Lamb street and Logan street was complained of. People run their wash water into the streets causing a stench. It is a menace to health. A sewer should be built on Lamb and Logan streets.

Dr. Kirk moved that the Boro Solicitor be instructed to proceed to collect all tax duplicates prior to 1904 unless settled within thirty days. The motion was seconded by Mr. Grimm and carried.

The Street committee recommended that repairs be made to Spring street at the intersection of Lamb street. It was so ordered.

The complaint as far as Lamb street, in regard to sanitary conditions, was referred to the Sanitary committee with power to act.

Boro Treasurer Edward Gehret reported the balance in his hands as $470 99

The following bills were approved and orders drawn:

Street pay roll	40.76
" " "	15.75
A. Allison	22.97
J. H. Wetzel	8.00
J. Matthews	.25
J. T. Mitchell	25.00
Police pay roll	52.50
American La Fran Co.	57.99
E. J. Gebret	16.67
" " "	9.17
Water Works Pay Roll	62.50
A. Allison	8.65
J. Bower	1.50
	$321.65

Y. M. C. A. Notes.

The first hike of the junior Y. M. C. A. hiking club went to Snow Shoe Intersection Saturday and went fishing and swimming, those present were Emanuel Joseph, Marshall Cooke, Fred Witmer and Frederick Schad. Dr. Weston chaperoned the boys, and is reported all had a glorious time. Dr. Weston would like to have more boys. All boys who would like to go, bring a lunch and come to the Y. M. C. A. Saturday morning about 9.00 o'clock.

E. JOSEPH, Secy.

—Try Admiral Coffee.
